SUBJECT: Deferral of Scheduled Debt Service on NIFA's 2008B Bonds

REQUEST FOR: Authorization to Defer Payment of Scheduled Debt Service on NIFA's 2008B Variable Rate Bonds and to Take Related Actions

Introduction

Because of the County's current fiscal crisis, the County Administration has asked NIFA to postpone its scheduled payment of approximately \$75 million of 2008B Variable Rate Bonds from November 15, 2020 until a later date in 2021 (the "Deferral"). This action will allow NIFA to distribute more sales tax to the County in 2020.

Discussion

To accomplish the Deferral, numerous documents need to be modified, personnel employed, and costs of issuance paid, substantially all of which are described in the attached resolution. It is noteworthy that all of the approximately \$75 million will not immediately flow through to the County after the transaction. This is because of certain set asides that NIFA must make regarding the future payment of the approximately \$75 million and the related costs of implementing the Deferral.

Requested Action

It is requested that you approve the attached resolution authorizing the Deferral and as well as the other actions required to complete the transaction.

REQUEST FOR: Consideration of County Contract for the Nassau Health Care Corporation

Introduction:

At its meeting on September 10, the Directors “tabled” a proposed contract amendment (the “Amendment”) that would have allowed a six-month extension from September 1, 2020 to February 28, 2021) of a contract for services between the Nassau County Correctional Center and Nassau Healthcare Corporation. (“NHCC”). The principal features of the work under this contract Amendment would have included medical, mental health, dental and ancillary services (the “Services”) to the inmates in the custody of the Nassau County Correctional Center.

No action, to approve or deny the Amendment, was taken because the Directors requested more detailed information about what was being delivered by NHCC to justify the payment of \$1.5 million per month for services plus \$250,000 per month for administration.

Discussion:

Staff made numerous inquiries and was able to determine:

1. Both the County Legislature and the Board of Directors of NHCC had approved the Amendment.
2. The Amendment was first delivered to NIFA for approval on August 25, 2020.
3. Both NHCC and the County understood and had agreed upon the cost of the Amendment and administrative services.
4. NHCC confirmed, in writing, that it was costing NHCC at least \$1.5 million per month to provide the Services required under the Amendment.

Recommended Action:

Staff believes that provision of the Services are essential, and rejection of the Amendment would leave the County with an inability to quickly find an alternative provider. It is also obvious that there needs to be a more granular breakdown of costs and expenses in any future contract. Staff therefore recommends that the Directors consider taking no action on the Amendment and that 60

days after it was presented to NIFA (October 24, 2020) it be allowed to pass as a matter of law (as provided in the NIFA Act).

Staff also recommends that before any new contract or amendment is presented to NIFA regarding the Services, the County be required to:

1. Issue a Request for Proposals that outlines, in detail, what its needs are regarding health services for inmates at NHCC.
2. Include in any proposed contract a provision for prompt adjustment of cost (in favor or against the interests of the County) based upon a regular audit of the required services.
3. Allow for flexibility to adjust staffing levels to properly service the needs of a dynamic inmate census.
4. Present the contract to NIFA, at least 60 days before its first date of implementation, but only after approval by both the County and contracting entity.

Items 1, 2, 3 and 4 above are collectively referred to as the “Recommendations.”
