TO: Christopher Wright, Jon Kaiman, John Buran, and Lester Petracca

FROM: Evan Cohen

SUBJECTS: NIFA's Proposed Financial Statements for the Year Ended December 31, 2014 ("Audit")

REQUEST FOR: Authority to Submit the Audit to the NIFA Directors

Background:

The Nassau County Interim Finance Authority ("NIFA") Act requires NIFA to conduct an annual financial audit performed by independent auditors (the "Audit"). The Audit and Internal Controls Committee Charter requires that the Committee review the Audit with NIFA's outside Auditor, which for Fiscal Year 2014 was McGladrey, LLP.

The audit scope included three components: an audit of NIFA's financial statements, a review of our internal controls over financial reporting, and a review of our compliance with investment policies and procedures. The controls and compliance reviews were performed as part of the overall audit to obtain reasonable assurance that the financial statements are free of material misstatement.

Discussion:

NIFA's financial statements for the fiscal year ended December 31, 2014 were prepared by Carl Dreyer, Treasurer, with the assistance of Albrecht, Viggiano, Zureck & Co., our outside consultants. McGladrey has now completed their audit, and their report which will be dated May 8, 2015 is attached (the "Audit").

McGladrey has rendered an opinion that our statements fairly present NIFA's financial position at December 31, 2014, and the results of operations for the fiscal year ended December 31, 2014, in conformity with *Government Auditing Standards*. I recommend acceptance of the Audit.

Requested Action:

The Committee is requested to adopt the attached Resolution acknowledging receipt and acceptance of the Independent Auditors' Report on NIFA's Financial Statements for the Year Ended December 31, 2014 and recommending that it be accepted by the NIFA Board.

4.1 The Authority may invest its Investment Funds in any and all of the following, if and to the extent permitted by statutes, regulations and bond resolutions applicable at the time of investment of such Investment Funds:

- a) obligations of the State or the United States government;
- b) obligations the principal and interest of which are guaranteed by the State or the United States government;

- h) reverse repurchase agreements with any bank or trust company organized under the laws of any state of the United States of America or any national banking association or government bond dealer reporting to, trading with, and recognized as a primary dealer by the Federal Reserve Bank of New York, which agreement is secured by any one or more of the securities described in paragraph (a), (b) or (e) of this subdivision which securities shall at all times have a market value of not less than the full amount of the repurchase agreement and be delivered to another bank or trust

company organized under the laws of New York State or any national banking association domiciled in New York State, as custodian.

- i) investment agreements or guaranteed investment contracts with any financial institution whose senior long term debt obligations, or whose obligations under such an investment agreement or guaranteed investment contract are guaranteed by a financial institution whose senior long term debt obligations, have a rating (at the time such agreement or contract is entered into) in one of the three highest rating categories for comparable types of obligations by a rating agency;
- j) money market funds rated in one of the three highest rating categories for comparable types of obligations by a rating agency;

4.2 Specific Requirements Regarding Certificates of Deposit

4.2.1 Collateral for a Certificate of Deposit. If a certificate of deposit is required to be collateralized pursuant to Section 2 of paragraph (c) of section 4.1 of these Guidelines, the collateral must be reviewed weekly to determine if the market value of the collateral equals or exceeds the principal amount of the uninsured portion of the certificate of deposit plus accrued interest. If the market value of the collateral is insufficient, the issuer of the certificate of deposit must exchange or add to the amount of collateral to bring its market value equal to or in excess of the uninsured portion of the principal amount of the certificate of deposit plus accrued interest.

4.2.2 Standard Terms for Certificate of Deposit Collateral Agreement. The Authority shall negotiate and enter into a written agreement with each bank (and custodian) from which it has obtained a certificate of deposit. Such written agreement shall, at a minimum, address the following concerns:

- (a) The frequency of the valuation of the collateral to market, as set forth above (such valuation shall be done at least weekly);
- (b) The right and ability of the bank to substitute like Investment Securities as collateral;
- (c) Description of events of default which would permit the Authority or its custodian to liquidate or purchase the underlying Investment Securities;
- (d) Description of the party who is to have title to the underlying Investment Securities during the term of the agreement; and
- (e) With respect to the custodial bank, the agreement shall also provide that the custodial bank takes possession of the Investment Securities as agent of the Authority and that the claims of the custodial bank are subordinate to those of the Authority.

4.3 Specific Requirements Governing Repurchase Agreements. Notwithstanding Section 4.1 hereof, the following shall also apply to Repurchase Agreements.

- 4.3.1 Placement. The placement of Repurchase Agreements may be distributed among several authorized firms as appropriate to reduce the level of risk. The investment limit set for each such firm shall not be exceeded unless the Executive Director of the Authority makes a written finding that sufficient Securities are not available from other eligible firms. Not less frequently than once each year, the Authority's Executive Director shall review and, if appropriate, recommend adjustment of the investment limit for each eligible seller in light of such firm's current capitalization. All investment limit adjustments shall require the approval of the Treasurer and Executive Director.
- 4.2.2 Eligible Custodian Banks. To be eligible to hold the Securities which are the subject of a Repurchase Agreement, a custodial bank should be a member of the Federal Reserve Bank or maintain accounts with member banks to accomplish book-entry transfer of Securities to the credit of the Authority. Transfer of Securities, whether by book entry or physical delivery, should be confirmed in writing to the Authority by the custodial bank. The custodian should not be the same party that is selling the Securities. The Authority's Directors or their designee(s) must affirmatively find that a proposed custodial bank is financially sound before such bank may be eligible to perform custodial services for the Authority.
- 4.3.3 Maximum Maturity of Repurchase Agreements. Repurchase Agreements shall be limited to a maturity not to exceed thirty (30) days, or the Trustee will value the collateral securities no less frequently than monthly and will liquidate the collateral if any deficiency is not restored within five (5) business days of such valuation. Collateral securities shall have maturities not exceeding thirty (30) years.
- 4.3.4 Standard Terms for Repurchase Agreements. The Authority shall execute a master Repurchase Agreement with each broker-dealer which outlines the basic rights of both buyer and seller including:
- (a) The events of default which would permit the Authority to liquidate or purchase the underlying Securities;
 - (b) The relationship between parties to the agreement, which should ordinarily be purchaser and seller;
 - (c) A requirement that there be a written contract with the custodial bank outlining the responsibilities of the bank and the parties to the agreement. Such an agreement must provide, among other things, that the custodial bank will not make payment for the Securities until the bank actually receives them and that the custodial bank takes possession of the Securities exclusively for the Authority and that any claims of the custodial bank are subordinate to those of the Authority;
 - (d) Procedures which ensure that the Authority obtains a perfected security interest in the underlying Securities. The Authority or its custodian must take possession of the Securities being purchased by physical delivery or

book entry. Furthermore, the written agreement shall contain a provision that, in the event a court of final jurisdiction construes the specific Repurchase Agreement to be a loan, the seller shall be deemed to have granted the Authority a perfected security interest in the purchased Securities;

(e) The market value of the Securities purchased under a repurchase transaction must be at least equal to the purchase price. The value of the Securities must be monitored and marked to market on a daily basis. Additional Securities shall be required if market fluctuations cause the market value of the purchased Securities to become less than the purchase price.

ARTICLE FIVE

Operating Procedures

- 5.1 Authorized Officers and Employees. Only the following persons shall be authorized to make investment decisions on behalf of the Authority: the Chairman of the Authority's Directors; the Executive Director; the Treasurer; and the General Counsel, but only if designated in writing by the Treasurer. The implementation of such investment decisions by placement of purchase or sale orders or otherwise shall be effected only by the foregoing officers and employees and by such employees as may from time to time be designated in writing by the Treasurer.
- 5.1.1 The Authority's Investment Officer responsibilities are handled by the Treasurer and Deputy Treasurer.
- 5.2 Standards for the Qualification of Brokers, Dealers and Agents. Any bank or trust company organized under the laws of any state of the United States of America or any national banking association or government bond dealer which is authorized to do business in the State may become qualified by the Authority to transact purchases and sales of Securities (other than Repurchase Agreements) with the Authority. Factors to be considered in determining the qualification of such firms shall include the firm's capitalization, quality, size and reliability, the Authority's prior experience with the firm, the firm's level of expertise and prior experience with respect to the contemplated transaction. The determination of qualification shall be made by the Treasurer, who shall maintain a list of all such qualified firms.
- 5.3 Standards for the Qualification of Investment Advisors. For the purpose of rendering investment advice to the Authority, the Authority may qualify any bank or trust company organized under the laws of any state of the United States of America, any national banking association, and any partnership, authority, or person which is authorized to do business in the State.

The Authority also shall consider the additional criteria (other than capitalization) enumerated in the preceding paragraph.

5.4 Standards for the Qualification of Custodial Banks. To be eligible to hold Securities as collateral for an investment made by the Authority, a custodial bank should be a member of the Federal Reserve Bank or maintain accounts with member banks to accomplish book-entry transfer of Securities to the credit of the Authority. Transfer of Securities, whether by book entry or physical delivery, should be confirmed to in writing to the Authority by the custodial bank. The custodian should not be the same party that is selling the Securities. To be eligible to perform custodial services, the Authority's Directors or their designee(s) must affirmatively find that the proposed custodial bank is financially sound.

5.5 Competitive Bids; Negotiated Prices. In connection with the purchase and sale of Securities, for each transaction in excess of two and one-half million dollars (\$2,500,000.00) (or such other threshold dollar amount as the Treasurer may specify in writing), the Authority shall utilize competitive quotations. For each transaction which is equal to or less than two and one-half million dollars (\$2,500,000.00) (or such other threshold dollar amount as the Treasurer may specify in writing), the Authority may utilize either competitive quotations or negotiated prices. The foregoing shall not apply to the purchase of government securities at initial auction. A complete and continuous record of all quotes, solicited and received, shall be maintained by the Treasury Department.

For each transaction (other than the purchase of governmental securities at initial auction) in excess of two and one-half million dollars (or such other threshold dollar amount as the Treasurer may specify in writing), a minimum of three separate solicitations will be made on each direct purchase or sale of a Security (including a Repurchase Agreement). The transaction shall be awarded to the dealer(s) offering the highest yield or return, provided that, with respect to Repurchase Agreements, the amount of the investment with each individual firm does not exceed the investment limit referred to in Section 4.2.1 above.

5.6 Written Contracts and Confirmations. A written contract and/or a written confirmation shall be a required for each investment transaction. With respect to the purchase or sale of Securities other than Repurchase Agreements, the Authority shall not be required to enter into a formal written contract, provided that the Authority's oral instructions to its broker, dealer, agent, investment advisor or custodian with respect to such transactions are confirmed in writing at the earliest practicable moment. A written contract shall be required for each purchase and sale of a Repurchase Agreement.

5.7 Payment. Payment for investments shall be made only upon written confirmation of presentation of the physical Security, or in the case of book-entry form Securities, when credited for the custodian's account, which shall be segregated for NIFA's sole use. The custodian may act on oral instructions from an authorized officer of the Authority, such instructions to be confirmed in writing immediately by an authorized officer of the

Custodian. Such collateral shall, on the date of purchase, be at least equal in market value to the amount of the investment.

- 5.8 Collateral. Except as specifically otherwise provided herein, the Authority's financial interest in its investments shall be fully secured or collateralized at all times in an amount not less than the original amount invested plus accrued, unpaid interest thereon. Only Securities permissible for investment by the Authority pursuant to these Guidelines (other than Repurchase Agreements) may be accepted as collateral. Pledges of proportionate interests in pooled collateral shall not constitute acceptable collateral. In the case of certificates of deposit and demand and time deposits, collateral shall be provided for amounts in excess of the applicable limit of coverage provided by the Federal Deposit Insurance Authority. Collateral shall be maintained in the custody of the Authority or an approved third party custodian at all times. To assure that, at all times, the market value of said collateral is at least equal to the original amount invested plus all accrued, unpaid interest, collateral shall be marked to market at the time the investment is made and thereafter daily with respect to Repurchase Agreements and weekly with respect to certificates of deposit.
- 5.9 Operating Procedure Manual. The Authority's Treasurer shall prepare a Standard Operating Procedure Manual for placing, controlling and reporting of all investment activity which shall be consistent with these guidelines, be approved by the Authority's Executive Director and shall be consistent with the following:
- (a) Each disbursement of funds (and corresponding receipt of Securities) or delivery of Securities (and corresponding receipt of funds) should be based upon proper written authorization. If the authorization is initially given orally, there should be written or telegraphic confirmation from the Authority's authorized officer to the custodian;
 - (b) The process of initiating, reviewing and approving requests to buy and sell Securities should be documented and retained for audit purposes. Dealer limits should be established and reviewed regularly;

 - (d) Custodial banks should be required to report whenever activity has occurred in the Authority's custodial account;
 - (e) There should be at least monthly verifications of both the principal amount and the market values of all investments and collateral. Appropriate listings should be obtained from the custodian and compared against the Authority's records;

- (g) The establishment and maintenance of a system of internal controls;
- (h) Methods for adding, changing or deleting information contained in the investment record, including a description of the documents to be created and verification tests to be conducted;
- (i) A data base or record incorporating descriptions and amounts of investments, transaction dates, interest rates, maturities, bond ratings, market prices and related information necessary to manage the portfolio; and
- (j) Requirements for periodic reporting and a satisfactory level of accountability.
