

In the opinion of Bond Counsel, under existing law, and assuming compliance with the tax covenants referred to herein, interest on the Series 2002A-1 Notes will be excluded from gross income for Federal income tax purposes under the Internal Revenue Code of 1986, as amended (the “Code”), and such interest will not be treated as a preference item for purposes of the Federal individual or corporate alternative minimum tax; such interest, however, will be included in the calculation of a corporation’s Federal alternative minimum tax liability. See “SECTION VI: TAX MATTERS” herein. It is also the opinion of Bond Counsel that interest on the Series 2002A-1 Notes is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York).

The following is qualified in its entirety by reference to the information appearing elsewhere in this Offering Circular. Terms used in this summary and not defined herein are defined in "APPENDIX B: SUMMARY OF INDENTURE AND AGREEMENT."

- Issuer The Nassau County Interim Finance Authority (the "Authority") is a corporate governmental agency and instrumentality of the State of New York (the "State") constituting a public benefit corporation created by the Nassau County Interim Finance Authority Act, Chapter 84 of the Laws of 2000, as supplemented by Chapter 179 of the Laws of 2000 and as amended from time to time (the "Act").

See "SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE NOTES."
- The Series 2002A-1 Notes will be payable from the proceeds of the Authority's Series Three Bonds or renewal notes and, on the subordinate basis described herein, from Revenues. As described herein, the Authority may apply other available moneys to the payment of the Series 2002A-1 Notes. See "SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE NOTES."
- Trustee..... The Bank of New York, New York, New York, as successor trustee to United States Trust Company of New York. See "SECTION XIII: TRUSTEE."
- Servicer The New York State Department of Taxation and Finance collects Sales Tax Revenues, described below, and reports the amount of such collections to the State Comptroller. See "SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE NOTES — Servicing – Sales Tax Collection."
- Disbursement Agent..... Collections of Sales Tax Revenues are remitted to the State Comptroller who holds such collections in trust for the Authority. The State Comptroller deposits such Revenues with the Trustee, in accordance with instructions from the Authority, for payment of Debt Service and other expenses of the Authority. Such collections are applied, in accordance with the Act, in the following order of priority: first, pursuant to the Authority's

contracts with bondholders, including payment of Debt Service, second, to the payment of Subordinate Bonds and Subordinate Notes, not including the Notes, third, to pay Authority expenses not otherwise provided for, fourth, the payment of interest on and principal of the Outstanding Notes, including the Series 2002A-1 Notes, and then, pursuant to the Agreement between the Authority and the County, to the County as frequently as practicable. For information regarding payment of Sales Tax Revenues to the Authority, see “SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE NOTES — Sales Tax Revenues.”

Not Debt of State or County The Notes are not a debt of either the State or the County, and neither the State nor the County shall be liable thereon. The Notes are not payable out of any funds other than those of the Authority. The State is not obligated to make any additional payments or impose any taxes to satisfy the Debt Service obligations of the Authority.

Bankruptcy Prohibition The Authority is not authorized by State law to file a petition in bankruptcy pursuant to Title 11 (the “Bankruptcy Code”) of the United States Code. In addition, under the Act, the County and the Covered Organizations are prohibited from filing any petition with any United States district court or court of bankruptcy for the composition or adjustment of municipal indebtedness without the approval of the Authority and the State Comptroller, and no such petition may be filed while Authority notes and bonds remain Outstanding.

Purpose of Issue The proceeds from the sale of the Series 2002A-1 Notes will be used to provide for the payment of Financeable Costs of \$110,000,000 for the County’s annual cash flow needs. Certain expenses of the Authority and the County incurred in connection with the issuance and sale of the Series 2002A-1 Notes will also be paid from the proceeds of the Series 2002A-1 Notes.

Sales Tax Revenues The Series 2002A-1 Notes will be payable from the proceeds of the Series Three Bonds or renewal notes, and, on the subordinate basis described herein, from Revenues. As described herein, the Authority may apply other available moneys to the payment of the Series 2002A-1 Notes. See “SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE NOTES — Certain Other Payments.”

Revenues consist of Sales Tax Revenues which are paid or payable to the Authority pursuant to Section 1261 of the State Tax Law and investment earnings on money and investments on deposit in the Accounts established under the Indenture. Sales Tax Revenues are defined as net collections from sales and compensating use taxes, penalties and interest authorized by the State and imposed

by the County, currently at the rate of 4¼%, on the sale and use of tangible personal property and services in the County (the “Local Sales Tax”) but excluding (i) the ¼% component of the Local Sales Tax that the County is required to allocate to towns and cities within the County under the Local Government Assistance Program established by the County and authorized pursuant to Section 1262-e of the State Tax Law, and (ii) the 1/12% component of the Local Sales Tax the County is authorized to allocate to villages within the County, which has established a local government assistance program for such villages. See “SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE NOTES — Sales Tax Revenues.” The Act provides that the County will have no right, title or interest in or to Sales Tax Revenues required to be paid to the Authority, except after payment of debt service and operating expenses of the Authority pursuant to the Authority’s contracts with bondholders and then as provided in the Authority’s agreements with the County. To the extent that amounts paid by the County to the Authority as payments of principal of or interest accruing on the County RANs (as defined herein) are sufficient to pay principal and interest on the Series 2002A-1 Notes, no Revenues shall be set aside for principal and interest on the Series 2002A-1 Notes, unless an Officer’s Certificate of the Authority is filed with the Trustee stating that such amounts are insufficient. Sales Tax Revenues collected by the State Comptroller for transfer to the Authority are not subject to appropriation by the State or County.

Enabling Legislation The Act, which became effective June 23, 2000, provides for the issuance of bonds, notes and other evidences of indebtedness by the Authority, including the Series Three Bonds and the Series 2002A-1 Notes, the payment of the Series Three Bonds and, on the subordinate basis described herein, the Series 2002A-1 Notes from Sales Tax Revenues, and the statutory and contractual covenants of the Authority, the County and the State.

State Covenant The Act and the Indenture contain the covenant of the State with the Noteholders (the “State Covenant”) that the State shall not limit, alter or impair the rights vested in the Authority by the Act to fulfill the terms of the Indenture, or in any way impair the rights and remedies of such holders of the Notes or the security for the Notes until such Notes, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders of the Notes, are fully paid and discharged.

The State Constitution allows the State to amend, repeal, modify or otherwise alter statutes imposing or relating to the Local Sales Tax. Sales Tax Revenues collected by the State Comptroller for

transfer to the Authority are not subject to appropriation by the State or the County.

For more information regarding the State Covenant, see “SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE NOTES — Agreements of the State and the County.”

County Covenant In accordance with the Act, the County will, in the Agreement hereinafter defined, pledge and agree with the Noteholders (the “County Covenant”) that the County will not limit, alter or impair the rights vested by the Act in the Authority to fulfill the terms of any agreements made with such holders pursuant to the Act, or in any way impair the rights and remedies of such holders or the security for the Notes until the Notes are fully paid and discharged. Nothing contained in the Act or the Agreement restricts any right the County may have to amend, modify or otherwise alter local laws imposing or relating to the Local Sales Tax so long as, after giving effect to such amendment, modification or other alteration, the amount of Sales Tax Revenues projected by the Authority to be available to the Authority during each of its fiscal years following the effective date of such amendment, modification or other alteration is not less than 200% of maximum annual debt service on all Authority bonds, notes and other evidences of indebtedness then outstanding.

For more information regarding the County Covenant, see “SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE NOTES — Agreements of the State and the County.”

Other Series of Notes and Bonds The Authority has previously issued \$436,200,000 of Bonds, all of which are currently Outstanding. In addition, the Authority has issued other series of Notes, of which only its Series 2001B Notes in the amount of \$245,045,000 are currently Outstanding. Other Series of Bonds and Notes are expected to be issued from time to time by the Authority. See “SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE NOTES — Additional Notes and Bonds.”

The Act authorizes the issuance of bonds and notes, without limit, to finance capital projects and cash flow needs of the County, as well as, to the extent authorized by State law, any County deficit. In addition, the Authority may issue bonds up to limits as currently set forth in the Act, exclusive of any bonds issued to finance reserves, capitalized interest or costs of issuing such obligations, to refinance the County’s indebtedness (up to \$415 million) and tax certiorari judgments and settlements of the County (up to \$400 million if the proceeding commenced before June 1, 2000, and up to \$100 million in each ensuing County fiscal year 2001 through 2004, with respect to proceedings commenced on or after

such date). The Act currently provides that the Authority may not issue bonds after December 31, 2004, other than bonds or notes to retire or otherwise refund Authority debt. No bond of the Authority may mature later than January 31, 2036 or more than 30 years from its date of issue. Legislation has been proposed to extend and expand the Authority’s authorization to issue bonds. See “SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE NOTES.”

The Indenture provides that other Series of Bonds or notes means those Bonds and notes that may be issued: (i) as Senior Bonds or Senior Notes on a parity with other Series of Senior Bonds and Senior Notes; (ii) as subordinate to the Senior Bonds (or notes in anticipation thereof) or Senior Notes; but (iii) no Series of Senior Bonds or Senior Notes on a parity with other Series of Senior Bonds and Senior Notes, shall be authenticated and delivered unless the amount of Sales Tax Revenues received by the Authority for the twelve consecutive calendar months ended not more than three months prior to the calculation date is at least three (3) times the amount of annual Debt Service, including Debt Service on the Series of Senior Bonds or Senior Notes proposed to be issued, for each fiscal year Bonds or notes will be Outstanding.

Upon the issuance of additional Senior Bonds, under the circumstances and in the amounts described herein under “SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE NOTES—Additional Notes and Bonds,” the Authority may be required to fund a Debt Service Liquidity Account which amounts would be available to pay Debt Service on all Senior Bonds. See “APPENDIX B: SUMMARY OF INDENTURE AND AGREEMENT.”

- Interest and Principal The Series 2002A-1 Notes will be dated the date of delivery and will bear interest at the rate and will mature on the date set forth on the cover page of this Offering Circular.
- Form and Denomination The Series 2002A-1 Notes will be issued in book-entry only form and in denominations of \$5,000 or whole multiples thereof.
- Indenture The Indenture provides for the issuance of the Notes pursuant to the Act, including the Authority’s pledge to the Trustee of the revenues, accounts and statutory and contractual covenants contained therein. The Trustee is authorized to enforce the Indenture and such covenants against the Authority, the County and the State.
- Financing Agreement..... The Financing Agreement, dated as of October 1, 2000, between the Authority and the County (the “Agreement”), provides for the application of Bond and note proceeds, including proceeds of the

Series 2002A-1 Notes, to pay Financeable Costs, including funding certain expenditures of the County, and includes covenants of the County pledged to the benefit of Noteholders.

Collection Account The State Comptroller is required by the Act, commencing on or before the twelfth day of each month, to pay Sales Tax Revenues collected during the next preceding calendar month (with partial payments to be made on or before the last day of June and December consisting of collections made during the first 25 days of such months) to the Authority for application in accordance with the Act. The Authority has instructed the State Comptroller to pay Sales Tax Revenues directly to the Trustee for application in accordance with the Act and the Indenture. See “Application of Revenues” below.

All Revenues received by the Authority shall be promptly deposited into the Collection Account.

Tax Exemption..... In the opinion of Sidley Austin Brown & Wood LLP, Bond Counsel to the Authority, which is based on existing law, interest on the Series 2002A-1 Notes will be exempt from personal income taxes imposed by the State and its political subdivisions and, assuming continuing compliance with the provisions of the Internal Revenue Code of 1986, as amended, interest on the Series 2002A-1 Notes will be excluded from the gross income of the owners thereof for federal income tax purposes. See “SECTION VI: TAX MATTERS herein for further information.”

Ratings The Series 2002A-1 Notes have been rated “F-1+” by Fitch Ratings (“Fitch”), “SP-1+” by Standard & Poor’s Ratings Services, a division of The McGraw-Hill Companies, Inc. (“Standard & Poor’s”) and “MIG 1” by Moody’s Investors Service, Inc. (“Moody’s”) (each a “Rating Agency” and, collectively, the “Rating Agencies”). A security rating should be evaluated independently of similar ratings of different types of securities. A rating is not a recommendation to buy, sell or hold securities and may be subject to a revision or withdrawal at any time by the assigning rating organization. See “SECTION VII: RATINGS.”

SECTION I: INTRODUCTION

This Offering Circular of the Nassau County Interim Finance Authority (the “Authority”) sets forth information concerning the Authority in connection with the sale of the Authority’s \$109,145,000 Bond Anticipation Notes, Series 2002A-1 (the “Series 2002A-1 Notes”). The Authority is a corporate governmental agency and instrumentality of the State of New York (the “State”) constituting a public benefit corporation created by the Nassau County Interim Finance Authority Act, Chapter 84 of the Laws of 2000, as supplemented by Chapter 179 of the Laws of 2000 and as amended from time to time (the “Act”).

The Series 2002A-1 Notes and the Sales Tax Secured Bonds, Series Three (the “Series Three Bonds”), in anticipation of which Series 2002A-1 Notes are being issued, are authorized to be issued pursuant to the Act and an Indenture, dated as of October 1, 2000, as supplemented, including as supplemented by the Sixth Supplemental Indenture (the “Sixth Supplemental Indenture”), dated as of June 1, 2002 (such Indenture as from time to time amended or supplemented by said and other Supplemental Indentures being herein called the “Indenture”), by and between the Authority and The Bank of New York, as successor trustee to United States Trust Company of New York (the “Trustee”). See “SECTION XIII: TRUSTEE.” The Series 2002A-1 Notes, together with any other notes heretofore or hereafter issued under the Indenture, are referred to herein as the “Notes.” The Authority and the County of Nassau, New York (the “County”) have entered into a Financing Agreement (the “Agreement”), dated as of October 1, 2000, which provides, among other things, for the application of the Series 2002A-1 Note proceeds. A summary of certain provisions of the Indenture and the Agreement, together with certain defined terms used therein and in this Offering Circular, is contained in Appendix B hereto.

The Series 2002A-1 Notes will be payable from the proceeds of the Series Three Bonds or renewal notes and, on the subordinate basis described herein, from the Revenues of the Authority which are derived principally from sales and compensating use taxes imposed by and within the County pursuant to authorization of the State. As described herein, the Authority may apply other available moneys to the payment of the Series 2002A-1 Notes. See “SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE NOTES.”

On June 23, 2000 the Governor signed into law the Act creating the Authority. Under the Act, the Authority has both limited authority to oversee the County’s finances, including covered organizations as defined in the Act (“Covered Organizations”), and upon the declaration of a “control period,” additional oversight authority. The Authority is required to review the terms of and comment on the prudence of each proposed issuance of bonds or notes proposed to be issued by the County, and no such borrowing shall be made unless first reviewed and commented upon and, during a control period, approved by the Authority. Upon request of the County, the Authority has the power to issue its bonds and notes to pay Financeable Costs, all as more fully described below. See “SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE NOTES — Authority Bonds.”

The Act authorizes the issuance of bonds and notes, without limit, to finance capital projects and cash flow needs of the County, as well as, to the extent authorized by State law, any County deficit. In addition, the Authority may issue bonds up to limits as currently set forth in the Act, exclusive of any bonds issued to finance reserves, capitalized interest or costs of issuing such obligations, to refinance the County’s indebtedness (up to \$415 million) and tax certiorari judgments and settlements of the County (up to \$400 million if the proceeding commenced before June 1, 2000, and up to \$100 million in each ensuing County fiscal year through 2004, with respect to proceedings commenced on or after such date). Bonds issued to refund bonds theretofore issued for purposes subject to the debt limits described above are not counted against such limits. The Act currently provides that the Authority may not issue bonds or notes after 2004, other than to retire or otherwise refund Authority debt. No bond of the Authority may

mature later than January 31, 2036 or more than 30 years from its date of issue. Legislation has been proposed to extend and expand the Authority's authorization to issue bonds. For additional information regarding the issuance of parity or subordinate obligations of the Authority, see "SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE NOTES — Additional Notes and Bonds."

The Authority has previously issued \$436,200,000 of Bonds, all of which are currently Outstanding. In addition, the Authority has issued other series of Notes, of which its Series 2001B Notes in the amount of \$245,045,000 are currently Outstanding. The Series 2002A-1 Notes will be on a parity with the other Notes Outstanding. The Notes are payable, as further described herein, from a Series of Senior Bonds authorized in connection therewith and, on a subordinated basis, from Revenues. As described herein, the Authority may apply other applicable moneys to the payment of the Series 2002A-1 Notes. See "SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE NOTES — Certain Other Payments."

SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE NOTES

General

The Act and the Indenture authorize the Authority to issue the Notes and to secure the repayment of the Notes with the issuance of Bonds of the Authority or with renewal notes. The Series 2002A-1 Notes shall be payable from the proceeds of the Authority's Series Three Bonds (the proceeds of which are pledged to retire the Series 2002A-1 Notes and which pledge shall have a priority over any other pledge of such proceeds created by the Indenture) or renewal notes and from Revenues, all on a parity with the other Notes heretofore and hereinafter issued, as described below. In addition, the Authority may apply other available moneys of the Authority for the payment of the Series 2002A-1 Notes as described below under "Certain Other Payments."

The Authority has taken all actions necessary to authorize the issuance of the Series Three Bonds and renewal notes. Such Bonds or renewal notes may be issued on or prior to the maturity date of any of the Series 2002A-1 Notes. The Authority has sufficient capacity under the terms of the Act to issue a Series of Senior Bonds in anticipation of which the Series 2002A-1 Notes are being issued as well as renewal notes. The Authority has covenanted that it will not prior to issuing the Series Three Bonds issue other Series of Bonds (other than the Series of Bonds authorized in anticipation of which the Series 2001B Notes were issued) in an amount that precludes the issuance of the Series Three Bonds or the principal of and interest on which preclude issuance of the Series Three Bonds pursuant to the Indenture.

The Notes, including the Series 2002A-1 Notes, will receive a subordinate pledge of the Authority's right, title and interest in the Revenues of the Authority, which are required by the Act to be paid to the Authority. In accordance with the Act and the Indenture, Authority Revenues will be applied first, pursuant to the Authority's contracts with bondholders, to the payment of Debt Service, then to the payment of Subordinate Bonds and Subordinate Notes, not including the Notes, then to pay Authority expenses not otherwise provided for, then to the payment of the Notes, and then, pursuant to the Agreement between the Authority and the County, to the County as frequently as practicable. The Authority's Revenues are derived from the amounts payable to it from Sales Tax Revenues. See "Sales Tax Revenues" below. Pursuant to the Act and the Indenture, the Authority has pledged the Revenues to the Trustee for payment of the Notes on a basis subordinate to Senior Bondholders, holders of Subordinate Bonds and Subordinate Notes and Authority expenses. The application of Revenues to pay items after the payment of Debt Service may be provided for by Supplemental Indentures. The Sixth Supplemental Indenture provides that the payment of interest on and principal of the Series 2002A-1 Notes shall be a subordinate obligation of the Authority payable after Authority Operating Expenses on a

parity with the Notes currently Outstanding, as described in the chart entitled “Summary of Collection and Application of Sales Tax Revenues” under “Application of Revenues” below. The Notes shall not be Subordinate Notes of the Authority as described in the chart entitled “Summary of Collection and Application of Sales Tax Revenues” under “Application of Revenues” below.

The Authority does not have, nor is it expected to have, any significant assets or sources of funds other than Sales Tax Revenues and amounts on deposit pursuant to the Indenture, including amounts, if any, received from the County pursuant to the arrangements described under “Certain Other Payments” below. The Notes will not be insured or guaranteed by the County, the State or the Trustee. The State is not obligated to make any additional payments or impose any taxes to satisfy the Debt Service obligations of the Authority. See “Sales Tax Revenues” below.

The Authority is not authorized by State law to file a petition in bankruptcy pursuant to Title 11 (the “Bankruptcy Code”) of the United States Code. In addition, under the Act, the County and the Covered Organizations are prohibited from filing any petition with any United States district court or court of bankruptcy for the composition or adjustment of municipal indebtedness without the approval of the Authority and the State Comptroller, and no such petition may be filed while Authority bonds or notes remain Outstanding. Under the Act, the term Covered Organizations includes the Nassau County Health Care Corporation and any other governmental agency, public authority or public benefit corporation which receives or may receive moneys directly, indirectly or contingently from the County, excluding the Authority, any State public authority, any instrumentality created by interstate compact and any governmental agency, public authority or public benefit corporation exempted by the Authority upon the Authority’s finding that such exemption does not materially adversely affect the ability of the County to adopt and maintain a budget pursuant to the Act, provided that, during the period of such exemption, there shall be audited financial statements of such exempted entity prepared in accordance with generally accepted accounting principles.

Sales Tax Revenues

The Notes, on the subordinate basis described herein, are payable from the Authority’s Revenues which consist principally of Sales Tax Revenues which are paid or payable to the Authority pursuant to Section 1261 of the State Tax Law and investment earnings on money and investments on deposit in the Accounts established under the Indenture. Sales Tax Revenues are defined as net collections from sales and compensating use taxes, penalties and interest authorized by the State and imposed by the County, currently at the rate of 4¼%, on the sale and use of tangible personal property and services in the County (the “Local Sales Tax”) but excluding (i) the ¼% component of the Local Sales Tax that the County is required to allocate to towns and cities within the County under the Local Government Assistance Program established by the County and authorized pursuant to Section 1262-e of the State Tax Law, and (ii) the up to 1/12% component of the Local Sales Tax the County is authorized to allocate to villages within the County under a local government assistance program for such villages. The Local Sales Tax is one of the major sources of revenue for the County, accounting for approximately one-half of County General Fund revenues in recent years. The current total sales tax rate in the County is 8½%, of which 4¼% is the State’s share and 4¼% is the Local Sales Tax. For a description of the servicing and application of Sales Tax Revenues, see “Servicing-Sales Tax Collection” and “Application of Revenues” below.

Pursuant to authorizing legislation enacted by the State in 1965, the County has imposed a Local Sales Tax since 1969, at a base rate of 2% which was increased to 3% in 1972. In addition, for a one-year period commencing September 1976 and continuously since June 1983, the State has authorized the County to impose various incremental rates in addition to the base rate of 3%. Since 1986, enabling legislation has been enacted periodically by the State permitting the County to increase the Local Sales

Tax rate for a generally two-year period by three-quarters of one percent, from the base rate of 3% to 3¾%, with one-third of such increment (equivalent to a ¼% component) required to be allocated to towns and cities within the County. In addition, since 1991, enabling legislation has been enacted periodically by the State permitting the County to increase the Local Sales Tax rate for a generally two-year period by an additional one-half of one percent, from 3¾% to 4¼%.

Since 1997, the legislation extending the 4¼% Local Sales Tax rate also authorized the County to establish a local government assistance program for the villages within the County and to allocate up to one-sixth of the ¾% incremental component of the Local Sales Tax remaining after required allocations are made to towns and cities within the County to the villages (equivalent to a 1/12% component). Such a program would result in a loss to the County of up to the 1/12% component of the Local Sales Tax. The County enacted proposals to share a portion of Local Sales Tax revenue with the villages for its 2001 and 2002 fiscal years. As a result, the amount of such Local Sales Tax allocated to this program will be excluded from Sales Tax Revenues. The amount so excluded from Sales Tax Revenues for the 2001 fiscal year of the County was \$250,000 and for the 2002 fiscal year of the County the amount so excluded from Sales Tax Revenues is projected by the County to be approximately \$250,000.

The County Legislature has adopted local laws to implement the State’s authorization to impose both the additional three-quarters of one percent and the additional one-half of one percent through November 30, 2003, the current limit of the State’s authorization for such incremental components. If such provisions are not renewed, the existing 3% base rate will be in effect. No assurance can be given that either the County Legislature or the State will enact legislation extending the effective date of the additional three-quarters of one percent and the additional one-half of one percent components of the Local Sales Tax beyond November 30, 2003. The following table sets forth the dates that incremental sales tax components in addition to the 3% base rate have been in effect since 1980:

Effective Dates	Incremental Rate	Total Local Sales Tax Rate
June 1, 1983 through December 31, 1985	1.00%	4.00%
January 1, 1986 through August 31, 1991	0.75%	3.75%
September 1, 1991 through November 30, 2003	1.25%	4.25%

The amount of future Sales Tax Revenues to be collected depends upon various factors including the economic conditions in the County. Economic conditions in the County have reflected numerous cycles of growth and recession. There can be no assurance that historical data relating to economic conditions in the County are predictive of future trends. For more information regarding the economic conditions in the County, see “APPENDIX A — ECONOMIC AND DEMOGRAPHIC STATISTICS.” In addition, the State has in the past enacted amendments to the Tax Law to exempt specified goods and services from the imposition of the sales and compensating use tax or to reduce the rate of the sales tax on such goods and services. There can be no assurance that future proposals will not result in additional exemptions or reductions.

The following table sets forth the history of the County’s Local Sales Tax collections since 1981, as reported on a modified accrual basis in the County’s financial statements. The amounts do not include the ¼% component of the Local Sales Tax the County has been required to allocate to towns and cities within the County under the County’s Local Government Assistance Program since 1985, which are excluded from Sales Tax Revenues. However, the amounts set forth below do not exclude any allocations to villages within the County because prior to 2001, no local government assistance program for villages

existed. From fiscal year 1981 to fiscal year 2001, the average annual compound growth rate for Local Sales Tax collections was approximately 6.39%. Since 1996, the fiscal year of the County has ended on December 31 of each year.

Retail trade in the County in 1997, according to the 1997 Economic Census of Retail Trade prepared by the U.S. Census Bureau, involved 14,642 establishments with \$16.87 billion in sales. Major contributors to retail sales activity, not all of which may be subject to the sales and compensating use tax, include: motor vehicles and parts dealers, with 867 establishments accounting for \$3.71 billion in sales; food and beverage stores, with 1,680 establishments accounting for \$2.41 billion in sales; nonstore retailers (such as mail order shopping), with 3,247 establishments accounting for \$2.20 billion in sales; general merchandise stores such as department stores, with 212 establishments accounting for \$1.73 billion in sales; clothing and accessories stores, with 1,936 establishments accounting for \$1.49 billion in sales; health and personal care stores, with 856 establishments accounting for \$1.08 billion in sales; and building material, garden equipment and supplies dealers, with 526 establishments accounting for \$1.07 billion in sales.

As set forth in the following table of New York State's top retailing counties, the most recent economic census in 1997 showed the County to be ranked second in the State for retail sales.

The County is served by six regional shopping centers: The Broadway Mall in Hicksville, Roosevelt Field in Garden City, Green Acres in Valley Stream, “Miracle Mile” in Manhasset, Sunrise Mall in Massapequa and The Source in Westbury. Major retailers in the County include Saks Fifth Avenue, Lord & Taylor, Nordstrom’s, Home Depot, Costco, Bloomingdale’s, Sears, Fortunoff, Macy’s, KMart, J.C. Penney and Target. In 1998, a study by the Nassau County Planning Commission indicated the regional shopping centers in the County contained 903 retail establishments and 8,073,641 square feet. Altogether, there are 363 shopping centers with 23,873,929 square feet with 4,877 stores.

Authority Bonds

Pursuant to the Act, the Authority has the power to issue its bonds and notes for the purpose of refinancing or restructuring a portion of the County’s outstanding debt, and financing capital project costs, tax certiorari judgments and settlements incurred or to be incurred by the County, the County’s cash flow needs, certain retirement incentive programs and amounts necessary to finance any County deficit to the extent authorized by State law. Bonds may only be issued by the Authority upon a request therefor by the County made by the County Executive and approved by the County Legislature. Any such issuance of bonds shall be at the discretion of the Authority and shall be consistent with the County’s adopted budget and financial plan, as applicable. The Authority may not issue bonds, other than bonds to refund Authority bonds previously issued, after December 31, 2004. In addition, no bond of the Authority may mature later than January 31, 2036 or more than 30 years from its date of issue.

The County has proposed several changes to the Act including: (1) an increase of \$790 million in the amount of bonds that may be issued by the Authority to refinance County indebtedness that was incurred by the County to pay tax certiorari settlements or judgments; and (2) an extension of the Authority's authorization to issue bonds from December 31, 2004 to December 31, 2005.

The Authority cannot predict the likelihood that any of the proposed legislative changes will be enacted; however, notwithstanding enactment of the foregoing or any other legislative proposals, the provisions of the Indenture concerning the issuance of additional Bonds and notes and the State covenant in the Act not to impair the rights of bondholders and noteholders, shall remain in effect. See “APPENDIX B — “THE INDENTURE — Notes and Bonds of the Authority.”

Bonds of the Authority may be issued, amortized, redeemed and refunded without regard to the provisions of the State’s Local Finance Law; except that the principal amount of outstanding bonds of the Authority shall be deemed indebtedness of the County for purposes of ascertaining the amount of indebtedness the County may contract pursuant to the State’s Local Finance Law and State Constitution and the Authority shall not exceed such limitation.

Set forth in the following table is the total Debt Service payable on Outstanding Bonds of the Authority. The amounts in the following table do not include debt service on any Authority notes, including the Notes.

The Authority anticipates issuing its Sales Tax Secured Bonds, Series 2002A and Series 2002B, on or about July 10, 2002, in an aggregate principal amount not to exceed \$260,000,000. The table above does not include debt service on the proposed Series 2002A and Series 2002B Bonds.

Additional Notes and Bonds

The Act does not limit the amount of notes and bonds that the Authority may issue for the purposes of financing Financeable Costs, including the County’s cash flow needs. The Authority may from time to time issue Subordinate Notes or notes secured by the Revenues subordinate to the Authority’s Operating Expenses and on a parity with the Notes as described herein. The Act currently provides that the maximum amount of bonds that the Authority may issue (i) to refinance or restructure

the County's outstanding debt may not exceed \$415 million and (ii) to finance tax certiorari judgments and settlements incurred or to be incurred by the County may not exceed \$400 million, in the case of certiorari proceedings commenced on or before June 1, 2000, and \$100 million with respect to each ensuing fiscal year through 2004, in the case of certiorari proceedings commenced on or after such date, exclusive of any bonds issued to finance reserves, capitalized interest or costs of issuing such obligations. Bonds issued to refund bonds theretofore issued for purposes subject to the debt limits described above are not counted against such limits.

The Indenture provides that other Series of Bonds and notes may be issued only (i) as Senior Bonds or Senior Notes on a parity with other Series of Senior Bonds or Senior Notes, including the Series 2000A Bonds and the Series 2001A Bonds, or (ii) as subordinate to the Senior Bonds or Senior Notes, but (iii) no Series of Bonds or Senior Notes on a parity with other Series of Senior Bonds or Senior Notes, including the Series 2000A Bonds and the Series 2001A Bonds, shall be authenticated and delivered unless the amount of Sales Tax Revenues received by the Authority for the twelve consecutive calendar months ended not more than three months prior to the calculation date is at least three times the amount of annual Debt Service (excluding any accrued or capitalized interest), including such Series of Bonds or notes, for each Fiscal Year Bonds or notes will be Outstanding. See "APPENDIX B — SUMMARY OF INDENTURE AND AGREEMENT" and see the subheading "General" above in this Section for certain covenants in connection with the issuance of the Notes.

In addition, no Senior Bonds may be issued unless there is on deposit in the Debt Service Liquidity Account an amount equal to any Debt Service Liquidity Account Requirement that may be in effect. Money, if any, on deposit in the Debt Service Liquidity Account is held in trust under the Indenture and applied to remedy any shortfall in the Bond Account in amounts due on Debt Service, except that money on deposit in such account in excess of the Debt Service Liquidity Account Requirement will be transferred to the Collection Account. The Debt Service Liquidity Requirement means an amount equal to one-twelfth of the maximum total Principal Installments and interest becoming due in the current or any future Fiscal Year on Senior Bonds or zero if the Authority's projected maximum required monthly deposit of Sales Tax Revenues upon the issuance of such Senior Bonds is no greater than one-half of the lowest monthly Sales Tax Revenue collections in the last 24 calendar months. See "APPENDIX B — SUMMARY OF INDENTURE AND AGREEMENT."

Servicing—Sales Tax Collection

Sales Tax is collected by vendors and service providers in the County and remitted to the New York State Department of Taxation and Finance monthly, quarterly or annually based on the volume of sales. The New York State Department of Taxation and Finance reports the amounts of such collections to the State Comptroller, and such amounts are deposited daily with such banks, banking houses or trust companies, as may be designated by the State Comptroller, to the credit of the State Comptroller in trust for the Authority to the extent net collections from sales taxes imposed by the County are payable to the Authority. After retaining such amount as the State Commissioner of Taxation and Finance may determine to be necessary for refunds and for the reasonable costs of the State Tax Commissioner in administering, collecting and distributing such taxes, on or before the twelfth day of each month, the State Comptroller is required to pay to the Authority Sales Tax Revenues collected during the next preceding calendar month, provided, however, that the State Comptroller is required to make a partial payment on or before the last day of June and December consisting of collections made during and including the first 25 days of such months. The amount of Sales Tax Collections received by the Authority each month in a year may vary from the amount for such month received by the Authority in prior years because of the impact of amounts deducted from or added to such payments to reflect the recalculation by the New York State Department of Taxation and Finance of actual amounts of Sales Tax Revenues collected. The Authority has instructed the State Comptroller to pay Sales Tax Revenues directly to the Trustee for

application in accordance with the Act and the Indenture. For more information regarding the application of Sales Tax Revenues upon receipt by the Trustee, see “Application of Revenues” below. The following table sets forth, on a cash basis, monthly distributions of Local Sales Tax collections since 1997, including prior to October 2000 the ¼% component allocated to cities and towns within the County which is not included in Sales Tax Revenues.

Application of Revenues

Upon receipt of Sales Tax Revenues required to be paid to the Authority in accordance with the Authority’s instructions to the State Comptroller, the Trustee must deposit such amounts into the Collection Account held by the Trustee. The Act establishes a priority for the use by the Authority of Sales Tax Revenues as follows: *first* pursuant to the Authority’s contracts with bondholders, including payment of Debt Service, *second*, to the payment of Subordinate Bonds and Subordinate Notes, not including the Notes, *third*, to pay Authority expenses not otherwise provided for, *fourth*, the payment of interest on and principal of the Outstanding Notes, including the Series 2002A-1 Notes, and then, pursuant to the Agreement between the Authority and the County, to the County as frequently as practicable. The Indenture implements the Act’s requirements by providing for payment, in accordance with the retention procedures described below, of Debt Service, expenses and obligations of the Authority and payments under Senior Agreements, if any, and the County in accordance with the Indenture.

The chart on the following page illustrates the collection of Sales Tax Revenues (as described under “Servicing-Sales Tax Collection” above) and the flow of funds under the Indenture, as described below.

SUMMARY OF COLLECTION AND APPLICATION OF SALES TAX REVENUES

*As defined.

- (1) Revenues will be retained by the Trustee for the payment of Debt Service on Outstanding Senior Bonds and (to the extent provided by Supplemental Indenture) Senior Notes and for the payment of Senior Agreement providers, if any, in accordance with the retention procedures detailed below, and for the payment of the amount, if any, necessary to replenish the Debt Service Liquidity Account to the extent of any withdrawal therefrom.
- (2) Revenues are next applied pursuant to Supplemental Indentures for the benefit of Subordinate Bondholders, Subordinate Noteholders, not including holders of the Notes, and parties to Subordinate Agreements, to the extent such Supplemental Indentures may require application of Revenues to pay items after payment of Debt Service.
- (3) After Revenues are retained by the Trustee for the payment of Debt Service, payments to Subordinate Bondholders and Subordinate Noteholders, not including holders of the Notes, and Senior Agreement providers, if any, such Revenues are paid to the Authority for its operating expenses.
- (4) In accordance with the Supplemental Indentures relating to the Notes, the payment of interest on and principal of the Notes shall be payable after Authority Operating Expenses.
- (5) After the payments described in (1), (2), (3) and (4) above are made, remaining Revenues are paid to the County, as frequently as practicable.

Retention Procedures

At the beginning of each calendar month, the Trustee shall begin to transfer all Revenues from the Collection Account to the Bond Account until the amount in the Bond Account is equal to Accrued Debt Service to the last day of such month. Such transfer shall be appropriately adjusted to reflect as of the date of issue of notes or Bonds, any accrued or capitalized interest deposited in the Bond Account or any other amounts irrevocably pledged to the payment of such Debt Service for such period, actual rates of interest, any amount needed or held in the Accounts for Debt Service, and any purchase or redemption of notes or Bonds, so that there will be available on each payment date the amount necessary to pay Debt Service and so that accrued or capitalized interest will be applied to the installments of interest to which it is applicable.

After all payments are made to the Bond Account and Redemption Account, moneys on deposit in the Collection Account will be used in the following order of priority: for the benefit of Subordinate Bondholders, Subordinate Noteholders or contract parties, to the extent required by Supplemental Indentures, for the payment of the Authority's operating expenses and, as soon as practicable, to the County, free and clear of the lien of the Indenture. Notwithstanding the foregoing, in accordance with the Supplemental Indentures relating to the Notes, interest on and principal of the Notes shall be payable after Authority Operating Expenses. The County has covenanted to provide the Authority with a schedule of forecasted collections of Sales Tax Revenues before the beginning of each fiscal year and each month during such fiscal year. In the event projected collections from Sales Tax Revenues are anticipated to be insufficient during any month to completely provide for the amount required to be retained in such month, the Trustee is required to withhold additional Sales Tax Revenues in subsequent months. With respect to the Series 2002A-1 Notes, to the extent that amounts paid by the County to the Authority as payments of principal of or interest accruing on the County RANs (as defined herein) are sufficient to pay all amounts due on the Series 2002A-1 Notes, no Sales Tax Revenues shall be set aside for the amounts due with respect to the Series 2002A-1 Notes. "APPENDIX B: SUMMARY OF INDENTURE AND AGREEMENT — Application of Revenues."

Agreements of the State and the County

In the Act, the State pledges and agrees with the Noteholders that the State will not limit, alter or impair the rights vested in the Authority by the Act to fulfill the terms of the Indenture, or in any way impair the rights and remedies of such holders of the Notes or the security for the Notes until such Notes, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders of the Notes, are fully paid and discharged. The State is not obligated to make any additional payments or impose any taxes to satisfy the Debt Service obligations of the Authority. The State Constitution allows the State to amend, repeal, modify or otherwise alter statutes imposing or relating to the Local Sales Tax. Sales Tax Revenues collected by the State Comptroller for transfer to the Authority are not subject to appropriation by the State or the County.

In accordance with the Act, the County will pledge and agree with the holders of the Notes that the County will not limit, alter or impair the rights vested by the Act in the Authority to fulfill the terms of any agreements made with such holders pursuant to the Act, or in any way impair the rights and remedies of such holders or the security for the Notes until the Notes are fully paid and discharged. Nothing contained in the Act or the Agreement restricts any right the County may have to amend, modify or otherwise alter local laws imposing or relating to the Local Sales Tax so long as, after giving effect to such amendment, modification or other alteration, the amount of Sales Tax Revenues projected by the Authority to be available to the Authority during each of its fiscal years following the effective date of such amendment, modification or other alteration is not less than 200% of maximum annual debt service on all Authority bonds, notes and other evidences of indebtedness then outstanding. For a description of

the covenants of the County set forth in the Agreement, see “APPENDIX B: SUMMARY OF INDENTURE AND AGREEMENT.”

THE NOTES, INCLUDING THE SERIES 2002A-1 NOTES, ARE NOT A DEBT OF EITHER THE STATE OR THE COUNTY, AND NEITHER THE STATE NOR THE COUNTY IS LIABLE THEREON.

The covenants of the County and the State described above shall be of no force and effect with respect to any Note if there is on deposit in trust with a bank or trust company sufficient cash or Defeasance Collateral to pay when due all principal of, applicable redemption premium, if any, and interest on such Note.

Certain Other Payments

In consideration of the Authority’s issuance of the Series 2002A-1 Notes, the County expects to deliver to the Authority general obligation revenue anticipation notes of the County issued in anticipation of the receipt of revenues (the “County RANs”) in such principal amounts and bearing interest at such rates as to provide sufficient amounts to pay, when due, all amounts payable on the Series 2002A-1 Notes. The County RANs will mature approximately 14 days before the Series 2002A-1 Notes mature. The County RANs will be issued in the same amount as the Series 2002A-1 Notes. In the event that insufficient moneys are available from such County payments to the Authority as holder of the County RANs to pay amounts due on the Series 2002A-1 Notes, the Authority shall direct the Trustee to (and the Trustee shall) set aside all Revenues (subject to the obligation to provide for the payment of Debt Service, Subordinate Bonds and Subordinate Notes, if any, and to the prior set aside of sufficient amounts to pay Authority Operating Expenses) until sufficient amounts, not including investment earnings thereon, are available to pay all amounts due or to become due on the Series 2002A-1 Notes and any renewal notes then outstanding. There can be no guarantee that there will be sufficient Revenues to pay the Series 2002A-1 Notes in the event the County fails to pay the County RANs when they are due; in such event, the Authority would expect to issue renewal notes or the Series Three Bonds to provide for payment of the amounts due to the holders of the Series 2002A-1 Notes. The Authority has covenanted that to the extent it receives amounts from the County as payments of the principal of or interest accruing on the County RANs, it will apply such payments to the payment of principal of and interest due on the Series 2002A-1 Notes unless payment of the principal and interest on the Series 2002A-1 Notes has been provided for in some other manner. *The County RANs are not pledged to the holders of the Notes and the holders of the Series 2002A-1 Notes will have no recourse against the County for payment of the County RANs.*

SECTION III: THE NOTES

General

The Series 2002A-1 Notes will be dated the date of delivery and will bear interest at the rate and will mature on the date set forth on the cover page of this Offering Circular. All of the Series 2002A-1 Notes will be issued in book-entry only form.

The Series 2002A-1 Notes will be issued in denominations of \$5,000 or whole multiples thereof, and will bear interest calculated on the basis of a 360-day year of 30-day months.

The Series 2002A-1 Notes are subject to defeasance in accordance with the Indenture. See “APPENDIX B — SUMMARY OF INDENTURE AND AGREEMENT — THE INDENTURE — Defeasance.”

The Series 2002A-1 Notes are not subject to redemption prior to maturity.

Additional Notes

The Act does not limit the amount of notes that the Authority may issue for the purposes of financing Financeable Costs, including the County's cash flow needs. The Authority may from time to time issue Subordinate Notes or notes secured by the Revenues subordinate to the Authority's Operating Expenses and on a parity with the Notes, including additional notes to finance annual cash flow needs of the County.

Book-Entry Only System

Beneficial ownership interests in the Series 2002A-1 Notes will be available in book-entry-only form, in the principal amount of \$5,000 or integral multiples thereof. Purchasers of beneficial ownership interests in the Series 2002A-1 Notes will not receive certificates representing their interests in the Series 2002A-1 Notes purchased.

DTC, as an automated clearinghouse for securities transactions, will act as securities depository for the Series 2002A-1 Notes. The Series 2002A-1 Notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee). One fully-registered note certificate will be issued for each principal amount of Series 2002A-1 Notes bearing interest at a specified interest rate, each in the aggregate principal amount of such quantity of Series 2002A-1 Notes and will be deposited with DTC. If, however, the aggregate principal amount of any such quantity of Series 2002A-1 Notes exceeds \$500 million, one note certificate will be issued with respect to each \$500 million of principal amount of such quantity of Series 2002A-1 Notes and an additional note certificate will be issued with respect to any remaining principal amount of such quantity of Series 2002A-1 Notes.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities

Exchange Act of 1934. DTC holds securities that its participants (“Participants”) deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Participants’ accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc., and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks, and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). The Rules applicable to DTC and its Participants are on file with the Securities and Exchange Commission.

Purchases of the Series 2002A-1 Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2002A-1 Notes on DTC’s records. The ownership interest of each actual purchaser of each Series 2002A-1 Note (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interest in the Series 2002A-1 Notes are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive note certificates representing their ownership interests in the Series 2002A-1 Notes, except in the event that use of the book-entry system for the Series 2002A-1 Notes is discontinued.

To facilitate subsequent transfers, all Series 2002A-1 Notes deposited by Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. The deposit of the Series 2002A-1 Notes with DTC and their registration in the name of Cede & Co. effect no change in the beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2002A-1 Notes; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Series 2002A-1 Notes are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. will consent or vote with respect to the Series 2002A-1 Notes. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Series 2002A-1 Notes, as appropriate, are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Series 2002A-1 Notes will be made to DTC. DTC’s practice is to credit Direct Participants’ accounts on a payable date in accordance with their respective holdings shown on DTC’s records unless DTC has reason to believe that it will not receive payment on a payable date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, the Trustee, or the Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Authority or the Trustee,

disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

The Authority and the Trustee may treat DTC (or its nominee) as the sole and exclusive registered owner of the Series 2002A-1 Notes registered in its name for the purpose of payment of the principal of or interest on the Series 2002A-1 Notes, giving any notice permitted or required to be given to registered owners under the Indenture registering the transfer of the Series 2002A-1 Notes, or other action to be taken by registered owners and for all other purposes whatsoever. The Authority and the Trustee shall not have any responsibility or obligation to any Participant, any person claiming a beneficial ownership interest in the Series 2002A-1 Notes under or through DTC or any Participant, or any other person which is not shown on the registration books of the Authority (kept by the Trustee) as being a registered owner, with respect to: the accuracy of any records maintained by DTC or any Participant; the payment by DTC or any Participant of any amount in respect of the principal or interest on the Series 2002A-1 Notes; any notice which is permitted or required to be given to registered owners thereunder or under the conditions to transfers or exchanges adopted by the Authority; or other action taken by DTC as a registered owner. Interest and principal will be paid by the Trustee to DTC, or its nominee. Disbursement of such payments to the Participants is the responsibility of DTC and disbursement of such payments to the Beneficial Owners is the responsibility of the Participants or the Indirect Participants.

SO LONG AS CEDE & CO., AS NOMINEE OF DTC, IS THE REGISTERED OWNER OF ALL OF THE SERIES 2002A-1 NOTES, REFERENCES HEREIN TO THE OWNERS, HOLDERS OR NOTEHOLDERS OF THE SERIES 2002A-1 NOTES (OTHER THAN UNDER “SECTION VI: TAX MATTERS” HEREIN) SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS.

For every transfer and exchange of beneficial ownership of the Series 2002A-1 Notes, a Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto.

DTC may discontinue providing its service with respect to the Series 2002A-1 Notes at any time by giving notice to the Authority and discharging its responsibilities with respect thereto under applicable law, or the Authority may terminate its participation in the system of book-entry transfer through DTC at any time by giving notice to DTC. In either event the Authority may retain another securities depository for the Series 2002A-1 Notes as appropriate, or may direct the Trustee to deliver note certificates in accordance with instructions from DTC or its successor. If the Authority directs the Trustee to deliver such note certificates, such Series 2002A-1 Notes may thereafter be exchanged for denominations and of the same maturity as set forth in the Indenture, upon surrender thereof at the principal corporate trust office of the Trustee, who will then be responsible for maintaining the registration books of the Authority.

Unless otherwise noted, certain of the information contained in the preceding paragraphs of this subsection “Book-Entry-Only System” has been extracted from information furnished by DTC. Neither the Authority nor the original purchasers make any representation as to the completeness or the accuracy of such information or as to the absence of material adverse changes in such information subsequent to the date hereof.

Financing Agreement

In accordance with the provisions of the Act described above, the Authority and the County have entered into the Financing Agreement, dated as of October 1, 2000, providing for, among other things, the issuance of bonds and notes by the Authority to finance various County purposes authorized under the Act. See "APPENDIX B: SUMMARY OF INDENTURE AND AGREEMENT."

Authority Monitoring and Control Functions

In the absence of a control period, the Authority is empowered, among other things, to review financial plans submitted to it; to make recommendations or, if necessary, adverse findings thereon; to monitor compliance; to make transitional State aid available as it determines; to comment on proposed borrowings by the County and Covered Organizations; and to impose a control period upon making one of the statutory findings.

A control period will occur upon the Authority's determination that any of the following events has occurred or that there is a substantial likelihood and imminence of its occurrence: (1) the County shall have failed to pay the principal of or interest on any of its bonds or notes when due or payable; (2) the County shall have incurred a major operating funds deficit of 1% or more in the aggregate in the results of operations during its fiscal year assuming all revenues and expenditures are reported in accordance with generally accepted accounting principles; (3) the County shall have otherwise violated any provision of the Act and such violation substantially impairs the marketability of the County's bonds or notes; (4) the County Treasurer's certification at any time, at the request of the Authority or on the County Treasurer's initiative, that on the basis of facts existing at such time, the County Treasurer cannot make the certification that securities sold by or for the benefit of the County in the general public market during the fiscal year immediately preceding such date and the then current fiscal year are satisfying the financing requirements of the County during such period and that there is a substantial likelihood of a similar result from such date through the end of the next succeeding fiscal year; or (5) if, in regard to the County's financial plan covering the County and the Covered Organizations, the County fails to make the

required modifications after reductions in revenue estimates, or to provide a modified plan in detail and within such time period required by the Authority.

During a control period the Authority shall withhold transitional State aid and is empowered, among other things, to approve or disapprove proposed contracts and borrowings by the County and Covered Organizations; approve, disapprove or modify the County's financial plan; issue binding orders to the appropriate local officials; impose a wage freeze; and terminate the control period upon finding that no condition exists which would permit imposition of a control period.

At its meeting on April 17, 2002 the Authority approved the County's four-year financial plan for fiscal years 2002 – 2005. However, successful implementation of the plan is contingent upon numerous factors, many of which are not within the direct control of the County.

SECTION V: NO LITIGATION

There is not now pending any litigation (i) restraining or enjoining the issuance or delivery of the Series 2002A-1 Notes or questioning or affecting the validity of the Series 2002A-1 Notes or the Series Three Bonds or the proceedings and authority under which they are issued or will be issued, respectively; (ii) contesting the creation, organization or existence of the Authority, or the title of the directors or officers of the Authority to their respective offices; (iii) questioning the right of the Authority to perform its obligations under the Indenture or the Agreement and to pledge the Revenues and funds and other moneys and securities purported to be pledged by the Indenture in the manner and to the extent provided in the Indenture; or (iv) questioning or affecting the levy or collection of the Local Sales Tax in any material respect, or the application of the Local Sales Tax for the purposes contemplated by the Act, or the procedure thereunder.

SECTION VI: TAX MATTERS

In the opinion of Sidley Austin Brown & Wood LLP, New York, New York, Bond Counsel to the Authority, except as provided in the following sentence, interest on the Series 2002A-1 Notes will be excluded from gross income of the owners of the Series 2002A-1 Notes for Federal income tax purposes under existing law. Interest on the Series 2002A-1 Notes will be includable in the gross income of the owners thereof retroactive to the date of issue of the Series 2002A-1 Notes in the event of a failure of the Authority or the County to comply with applicable requirements of the Internal Revenue Code of 1986, as amended (the "Code"), and their respective covenants regarding use, expenditure and investment of note proceeds and the timely payment of certain investment earnings to the United States Treasury. No opinion is rendered by Sidley Austin Brown & Wood LLP as to the exclusion from gross income of the interest on the Series 2002A-1 Notes for Federal income tax purposes on or after the date on which any action is taken under the Series 2002A-1 Note proceedings upon the approval of counsel other than such firm.

In the opinion of Bond Counsel, interest on the Series 2002A-1 Notes will be exempt from personal income taxes imposed by the State and its political subdivisions.

In the opinion of Bond Counsel, interest on the Series 2002A-1 Notes is not a specific preference item for purposes of the Federal individual or corporate alternative minimum income tax. Interest on the Series 2002A-1 Notes owned by a corporation will be included in the calculation of a corporation's Federal alternative minimum tax liability.

The excess, if any, of the tax basis of the Series 2002A-1 Notes to a purchaser (other than a purchaser who holds such Series 2002A-1 Notes as inventory, stock in trade or for sale to customers in

the ordinary course of business) over the amount payable at maturity is "Note Premium." Note Premium is amortized over the term of such Notes for Federal income tax purposes (or, in the case of a note with Note Premium callable prior to its stated maturity, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such note). No deduction is allowed for such amortization of Note Premium; however, Note Premium is treated as an offset to qualified stated interest received on the Series 2002A-1 Notes. An owner of such Series 2002A-1 Notes is required to decrease his adjusted basis in such Series 2002A-1 Notes by the amount of amortizable note premium attributable to each taxable year such Series 2002A-1 Notes are held. An owner of such Series 2002A-1 Notes should consult his tax advisors with respect to the precise determination for Federal income tax purposes of the treatment of note premium upon sale, redemption or other disposition of such Series 2002A-1 Notes and with respect to State and local income tax consequences of owning and disposing of such Series 2002A-1 Notes.

Ownership of tax-exempt obligations may result in collateral tax consequences to certain taxpayers, including without limitation, financial institutions, property and casualty insurance companies, certain foreign corporations doing business in the United States, certain S corporations with excess passive income, and individual recipients of Social Security or railroad retirement benefits, taxpayers eligible for the earned income credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is not included in gross income for Federal income tax purposes. Prospective purchasers of the Series 2002A-1 Notes should consult their tax advisors as to the applicability of any such collateral consequences.

Legislation affecting municipal securities is constantly being considered by the United States Congress. There can be no assurance that legislation enacted after the date of issuance of the Series 2002A-1 Notes will not have an adverse effect on the status of the Series 2002A-1 Notes. Legislative or regulatory actions and proposals may also affect the economic value of tax exemption or the market price of the Series 2002A-1 Notes.

SECTION VII: RATINGS

The Series 2002A-1 Notes have been rated "F-1+" by Fitch, "SP-1+" by Standard & Poor's and "MIG 1" by Moody's. Ratings reflect only the respective views of such organizations, and an explanation of the significance of such ratings must be obtained from the Rating Agency furnishing such rating. There is no assurance that a particular rating will continue for any given period of time or that any such rating will not be revised downward or withdrawn entirely if, in the judgment of the Rating Agency originally establishing the rating, circumstances so warrant. A downward revision or withdrawal of such ratings, or any of them, may have an effect on the market price of the Series 2002A-1 Notes.

SECTION VIII: UNDERWRITING

The Series 2002A-1 Notes are being purchased for reoffering by the Underwriters for whom UBS PaineWebber Inc. and Goldman, Sachs & Co. are acting as Lead Managers. The Underwriters have jointly and severally agreed, subject to certain conditions, to purchase the Series 2002A-1 Notes from the Authority at an aggregate underwriters' discount of \$145,827.46 and to make an initial public offering of the Series 2002A-1 Notes at a price that is not in excess of the initial public offering price, or at a yield below the yield, set forth on the cover page of this Offering Circular. The Underwriters will be obligated to purchase all such Series 2002A-1 Notes if any such Series 2002A-1 Notes are purchased.

The Series 2002A-1 Notes may be offered and sold to certain dealers (including the Underwriters) at prices lower than such public offering prices, and such public offering prices may be changed from time to time by the Underwriters.

SECTION IX: APPROVAL OF LEGALITY

All legal matters incident to the authorization, issuance and delivery of the Series 2002A-1 Notes are subject to the approval of Sidley Austin Brown & Wood LLP, Bond Counsel to the Authority. Certain legal matters are subject to the approval of the Authority's General Counsel and of Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, P.C., counsel to the Underwriters.

SECTION X: FINANCIAL STATEMENTS

The Authority was created in June, 2000. The financial statements of the Authority as of and for the year ended December 31, 2001, included in this Offering Circular, have been audited by Deloitte & Touche LLP, independent auditors, as stated in their report appearing herein as Appendix C.

SECTION XI: CONTINUING DISCLOSURE UNDER SEC RULE 15C2-12

In order to assist the Underwriters in complying with Rule 15c2-12 promulgated by the Securities and Exchange Commission, the Authority and the Trustee will enter into a written undertaking (the "Continuing Disclosure Agreement") for the benefit of the holders of the Series 2002A-1 Notes to provide continuing disclosure. The Authority will undertake for the benefit of the holders of the Series 2002A-1 Notes to provide each Nationally Recognized Municipal Securities Information Repository (a "Repository") or to the Municipal Securities Rulemaking Board ("MSRB"), and if and when one is established, the New York State information depository (the "State Depository") notices of any of the following events with respect to the Series 2002A-1 Notes, if material: (1) principal and interest payment delinquencies; (2) non-payment related defaults; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions or events affecting the tax-exempt status of the Series 2002A-1 Notes; (7) modifications to the rights of Series 2002A-1 Noteholders; (8) note calls; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Series 2002A-1 Notes; and (11) rating changes.

The sole and exclusive remedy for breach or default under the Continuing Disclosure Agreement to provide continuing disclosure described above is an action to compel specific performance of the undertakings of the Authority, and no person, including the holder of the Series 2002A-1 Notes, may recover monetary damages thereunder under any circumstances. Any Series 2002A-1 Noteholder, including any beneficial owner, may enforce the Continuing Disclosure Agreement. A breach or default under the Continuing Disclosure Agreement shall not constitute an Event of Default under the Indenture. In addition, if all or any part of Rule 15c2-12 ceases to be in effect for any reason, then the information required to be provided under the Continuing Disclosure Agreement, insofar as the provision of Rule 15c2-12 no longer in effect required the provision of such information, shall no longer be required to be provided. The Continuing Disclosure Agreement may be amended or modified under certain circumstances set forth therein.

SECTION XII: LEGAL INVESTMENT

Pursuant to the Act the Notes of the Authority are securities in which all public officers and bodies of the State and all public corporations, municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, conservators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or in other obligations of the

State, may properly and legally invest funds, including capital, in their control or belonging to them. Pursuant to the Act the Notes may be deposited with and may be received by all public officers and bodies of the State and all municipalities and public corporations for any purpose for which the deposit of bonds or other obligations of the State is now or may hereafter be authorized.

SECTION XIII: TRUSTEE

The Bank of New York is acting as successor Trustee to United States Trust Company of New York ("US Trust") in connection with the Notes. US Trust was appointed to act as Trustee by the Authority pursuant to the Indenture. On June 26, 2001, U.S. Trust Corporation, of which US Trust is a part, sold its Corporate Trust and Agency division to The Bank of New York. On March 11, 2002, all of US Trust's corporate trust business and assets have been transferred to The Bank of New York.

SECTION XIV: MISCELLANEOUS

The references herein to the Act, the Indenture and the Agreement are brief summaries of certain provisions thereof. Such summaries do not purport to be complete and reference is made to the Act, the Indenture and the Agreement for full and complete statements of such provisions. Copies of the Act, the Indenture and the Agreement are available at the offices of the Trustee.

The agreements of the Authority with holders of the Series 2002A-1 Notes are fully set forth in the Indenture. Neither any advertisement of the Series 2002A-1 Notes nor this Offering Circular is to be construed as a contract with purchasers of the Series 2002A-1 Notes.

Any statements in this Offering Circular involving matters of opinion, projections or estimates, whether or not expressly stated, are intended merely as expressions of opinion, projections or estimates and not as representation of fact.

The delivery of this Offering Circular has been duly authorized by the Authority.

All information is presented on a calendar year basis unless otherwise indicated. The data set forth are the latest available. Sources of information are indicated in the text or immediately following the tables. Although the Authority considers the sources to be reliable, the Authority has made no independent verification of the information presented herein and does not warrant its accuracy.

General Information

The County, established in 1899, comprises an area of 287 square miles. It is a suburban county located on Long Island, bounded by Queens County (in The City of New York) on the west, Suffolk County on the east, the Long Island Sound on the north and the Atlantic Ocean on the south. The County population was 1,321,582 in 1980 and 1990 Census data indicated a decrease of 34,234 for a population of 1,287,348. In the 2000 Census, the Nassau County population was 1,334,544. The County recorded its official peak population in 1970 with 1,428,080.

According to the New York State Department of Labor, in 2001, the average County labor force was 681,100 persons, compared with 686,400 in 2000, 689,000 in 1999 and 687,300 in 1998. The 2001 unemployment rate was 3.1%. In 2000, the unemployment rate was 2.7%; in 1999, the unemployment rate was 3.0%, and in 1998 it was 2.9%.

Nassau County is part of the Nassau-Suffolk PMSA (Primary Metropolitan Statistical Area), designated as such in 1983. The Nassau-Suffolk PMSA continues to have prominent ranking among national markets in terms of population, income and retail sales in published data ranking national markets. In the 2000 Census, the Nassau-Suffolk PMSA population was 2,703,677.

Population

The County grew rapidly after World War II and reached its peak population of approximately 1,428,080 in 1970, declining to approximately 1,287,348 in 1990 and increasing to approximately 1,334,544 in 2000. This is attributed to an aging population and decreasing household size. The last decade has shown an increased number of births reversing a trend in the 1970s of declining births. School enrollments in lower grades are expected to increase somewhat but not to the levels of the 1950s and 1960s.

The County’s population density in 1990 and 2000 was 4,489 and 4,655 persons per square mile, respectively.

Governmental units within the County include 3 towns, 2 cities, and 64 incorporated villages. There are also 56 school districts along with various special districts for fire protection, water supply, etc. In the 2000 Census, the populations of the three towns were: Hempstead—755,924, North Hempstead—222,611, and Oyster Bay—293,925. The two cities were: Long Beach—35,462 and Glen Cove—26,622.

Senior citizens over 75 years of age are the fastest growing segment of the population, rising from 42,100 in 1970 to 94,880 in 2000. This represents an increase from 2.9% of the population in 1970 to 7.1% in 2000.

Income

Based on a 2001 Sales and Marketing Management study, the Nassau-Suffolk PMSA had a median household Effective Buying Income (“EBI”) of \$60,941, which was fourth highest in the United States.

According to the 2000 Census, the County's percentage of owner occupied housing units is 80%, the United States's is 66% and the State's is 53%.

The 2000 Census indicated that the median value of owner-occupied homes in the County was \$242,300 compared with \$148,700 for the State and \$119,600 for the United States. The following table shows home sales in the County from 1990 to 2000:

Transportation

MTA Long Island Bus (“MTALIB”), formerly known as Metropolitan Suburban Bus Authority, a subsidiary of the Metropolitan Transportation Authority, is the County’s principal public transit provider. It operates a network of routes, reaching much of the County. The density of MTALIB’s route network conforms to the development pattern of the County. MTALIB operates 325 fixed route buses and 74 paratransit vehicles on several routes across the Queens-Nassau line into rapid transit terminals located in Flushing, Far Rockaway and Jamaica.

The total MTALIB funding for 2001 was \$86.8 million, of which approximately 39% was derived from passenger fares and other revenue. The cost to the County and the State of operating MTALIB during 2001 was approximately \$39.3 million. The County’s share of the cost was approximately \$11.3 million; the State’s share was approximately \$28 million.

The Long Island Rail Road (“LIRR”) is the most traveled railroad in the United States with an annual ridership of over 85 million. Over 60 percent of the LIRR’s riders board in the County. On weekdays, about 70 percent of the system’s passenger trips occur during morning and evening peak travel periods. Two major LIRR rail corridors, the Babylon and Ronkonkoma branches, traverse the County providing direct service to New York City (Manhattan, Brooklyn, Queens) and Suffolk County. Six additional branches extend from these corridors and provide service to the remainder of the County.

The LIRR system components are highly modernized. The LIRR has a fleet of 740 self-propelled M-1 electric cars, 172 self-propelled M-3 electric cars and 180 diesel-hauled coaches. In the County, the railroad is completely electrified, except for the Oyster Bay Branch.

The County highway system consists of over 4,000 miles of paved roads which includes parkways, highways, major arteries, collector streets and local streets which are operated and maintained by different levels of government. The eight major east-west roadways that provide direct through service to New York City and Suffolk County are Northern Boulevard, Long Island Expressway, Northern State Parkway, Jericho Turnpike, Hempstead Turnpike, Southern State Parkway, Sunrise Highway, and Merrick Road. In order to eliminate delays, congestion, and trouble spots on the highway network, the essential element in the County's transportation planning process is the federal Transportation Equity Act for the 21st Century (TEA-21). This new act combines continuation and improvement of current programs with new initiatives to meet the challenges of improving safety as traffic volumes continue to increase. As a result of this program, the County should expect to receive approximately one billion dollars in federal aid over the next five years.

Utility Services

In 1998, the Long Island Power Authority ("LIPA"), a corporate municipal instrumentality of the State, acquired the Long Island Lighting Company's ("LILCO") electrical transmission and distribution system and its 18% share of Nine Mile Point 2 nuclear generating facility in upstate New York. At the same time, KeySpan (the parent company of KeySpan Energy Delivery), a publicly traded company, combined with the natural gas assets of the former LILCO. LIPA is responsible for electric service on Long Island and has contracted the management of the electric system to KeySpan. KeySpan Energy Delivery, a regulated utility, is responsible for gas service on Long Island, and owns and maintains the gas system.

The incorporated villages of Freeport and Rockville Centre have their own electrical generation plants.

The LIPA legislation requires LIPA to make payments in lieu of taxes ("PILOTS") to municipalities and school districts equal to the property taxes that would have been received by each jurisdiction from LILCO if the acquisition by LIPA had not occurred and to make PILOTS for certain New York State and local taxes which would otherwise have been imposed on LILCO.

Phone service is supplied by numerous private companies that supply phone systems, long distance service and cellular telephone service.

Health and Hospital Facilities

In February 2002, the County had 4,669 certified hospital beds in 13 hospitals. New York State licenses indicate that in January 2002 there were 7,657 medical doctors, 1,969 dentists, 739 chiropractors, 320 podiatrists, and 18,420 registered nurses.

Among the County's hospitals are the Nassau University Medical Center, North Shore University Hospital, St. Francis Hospital and Winthrop-University Hospital.

Educational, Recreational and Cultural Facilities

There are various recreational, educational and cultural facilities available to County residents. Professional hockey teams perform at the Nassau Veterans Memorial Coliseum, home of the New York Islanders. Public beaches on the Atlantic Ocean and the Long Island Sound are accessible to all. The County's public park land is maintained by various villages, cities, towns, the County, the State and the United States. The parks provide golf, tennis, ice rinks, swimming pools and athletic fields. The County also has several institutions of higher education. These include C.W. Post College, Adelphi University, Hofstra University, New York Institute of Technology, U.S. Merchant Marine Academy and Nassau

Community College. Historic sites such as Old Bethpage Village Restoration and Sagamore Hill; historical, art and natural history museums; theaters; symphony orchestras; and nature trails and preserves add to the recreational, cultural and educational activities available in the County.

Water Service and Sanitary Sewer Facilities

There are 47 water districts in the County providing water service to most of the County's residents. Approximately 3,550 residents of the less densely populated northern sections of the County draw their water from private wells.

The majority of the County is divided into three County-owned and operated sewage disposal districts.

Sewage Disposal District No. 1, established May 26, 1958, covers the area of Inwood. The sewage treatment plant formerly located therein has been decommissioned and replaced with a sewage pumping station. All sewage collected within Disposal District No. 1 is processed at the Bay Park Sewage Treatment Plant. There is one collection district for this area.

Sewage Disposal District No. 2, established October 1, 1945, covers an area starting at the New York City boundary, east to Glen Cove Road and continues south from the Long Island Expressway to the shore line. There are eleven collection districts for this area. The treatment plant serving this disposal district is "Bay Park," located in East Rockaway.

Sewage Disposal District No. 3, established April 12, 1965, covers an area from the eastern boundary of Disposal District No. 2, east to the Suffolk County line and south from the Long Island Expressway to the shore line. There are fourteen collection districts for this area. The treatment plant serving this disposal district is "Cedar Creek," located in Wantagh.

The County owns and operates one sewage collection district (Lido Beach) which is not contained within a County disposal district. The sewage collected within this district is processed at the City of Long Beach's sewage treatment plant.

Six villages within the County's established disposal districts operate and maintain their own collection systems. The sewage collected by these systems is discharged to and processed at one of the County-owned sewage treatment plants, either Bay Park or Cedar Creek.

In addition to those in the six villages described in the previous paragraph, there are several sewage collection systems and treatment plants within the County, predominantly on the North and South shores, which are outside of the County disposal districts and operated by other governmental agencies or special districts. These include: the cities of Glen Cove and Long Beach; the villages of Lawrence, Cedarhurst, Lake Success, Belgrave, Great Neck and Port Washington; and the Oyster Bay and West Long Beach Sewage Districts.

The Notes, Bonds and other obligations of the Authority shall not be a debt of either the State or the County, and neither the State nor the County shall be liable thereon, nor shall they be payable out of any funds other than those of the Authority; and the Notes and Bonds shall contain on the face thereof a statement to such effect.

Security and Pledge. Pursuant to the Act, the Authority assigns and pledges to the Trustee subject only to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein, (a) the Revenues, (b) all rights to receive the Revenues and the proceeds of such rights, (c) all Accounts and assets thereof, including money, contract rights, general intangibles or other personal property, held by the Trustee, (d) the State Covenant and tax contract of the State and the County Covenant and the other covenants, agreements and acknowledgements of the County made in the Indenture and the Agreement and (e) any and all other property of every kind and nature from time to time, by delivery or by writing of any kind, conveyed, pledged, assigned or transferred as and for additional security. Except as specifically provided, this assignment and pledge does not include: (i) the rights of the Authority pursuant to provisions for consent or other action by the Authority, notice to the Authority, indemnity or the filing of documents with the Authority, or otherwise for the Authority's benefit and not for that of the Beneficiaries, or (ii) any right, duty or power reserved to the Authority pursuant to the Act or other law. The Authority will implement, protect and defend this assignment and pledge by all appropriate legal action, the cost thereof to be an operating expense. The preceding, and all pledges and security interests made and granted by the Authority pursuant to the Indenture, are immediately valid, binding and perfected to the full extent provided by the Act. The foregoing collateral is pledged and a security interest is therein granted, to secure the payment of Bonds,

Notes, and payments in respect of Senior Agreements and Subordinate Agreements; provided, however, that the pledge and security interest granted to secure the Authority's obligation to pay Subordinate Bonds and Subordinate Agreements shall be subject and subordinate to the pledge and security interest granted to secure Debt Service. The lien of such pledge and the obligation to perform such contractual provisions shall have priority over any or all other obligations and liabilities of the Authority secured by the Revenues. The Authority shall not incur any obligations, except as authorized by the Indenture, secured by a lien on the Revenues or Accounts equal or prior to the lien of the Indenture.

Defeasance. (a) If the Authority shall pay or cause to be paid to the Beneficiaries of all obligations then Outstanding the principal and interest and redemption price, if any, to become due thereon, at the times and in the manner stipulated therein and in the Indenture, then, at the option of the Authority, expressed in an instrument in writing signed by an Authorized Officer and delivered to the Trustee, the respective covenants of the Authority, the State and the County to the Beneficiaries shall be discharged and satisfied. In such event, the Trustee shall, upon the request of the Authority, execute and deliver to the Authority all such instruments as may be desirable to evidence such discharge and satisfaction and the Fiduciaries shall pay over or deliver to the Authority all money, securities and funds held by them pursuant to the Indenture which are not required for the payment or redemption of obligations not theretofore surrendered for such payment or redemption.

(b) Outstanding Bonds or Notes or any portions thereof for the payment or redemption of which money shall have been set aside and shall be held in trust by the Paying Agents shall, at the respective maturity or redemption dates thereof, be deemed to have been paid within the meaning and with the effect expressed in subsection (a) above. Outstanding Bonds or Notes or any portions thereof shall, prior to the maturity or redemption date thereof, be deemed to have been paid within the meaning and with the effect expressed in subsection (a) above either (A) as provided in the Supplemental Indenture authorizing their issuance or (B) if (i) in case any of said Bonds or Notes are to be redeemed on any date prior to their maturity, the Authority shall have given to the Trustee in form satisfactory to it irrevocable instructions to mail as provided in the Indenture notice of redemption on said date of such obligations, (ii) there shall have been irrevocably deposited with the Trustee either money in an amount which shall be sufficient, or Defeasance Collateral the principal of and the interest on which when due will provide money which, together with the money, if any, deposited with the Trustee at the same time, shall be sufficient, without further investment or reinvestment of either the principal amount thereof or the interest earnings thereon, to pay when due, the principal or redemption price, if applicable, and interest due and to become due on such Bonds or Notes or such portions thereof on and prior to the redemption date or maturity date thereof, as the case may be, and (iii) in the event such Bonds or Notes are not by their terms maturing or are not subject to redemption within the next succeeding 60 days, the Authority shall have given the Trustee in form satisfactory to it irrevocable instructions to mail, as soon as practicable, a notice to the Beneficiaries of such Bonds or Notes that the deposit required by (ii) above has been made with the Trustee and that said Bonds or Notes are deemed to have been paid in accordance with the Indenture and stating such maturity or redemption date upon which money is to be available for the payment of the principal or redemption price, if applicable, on such Bonds or Notes. Neither Defeasance Collateral nor money deposited with the Trustee pursuant to the Indenture nor principal or interest payments on any such Defeasance Collateral shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or redemption price, if applicable, and interest on said Bonds or Notes provided that any money on deposit with the Trustee, (x) to the extent such money will not be required at any time for such purpose, shall be paid over to the Authority as received by the Trustee, free and clear of any trust, lien or pledge securing said Bonds or Notes or otherwise existing under the Indenture, and (y) to the extent such money will be required for such purpose at a later date, shall, to the extent practicable, be reinvested in Defeasance Collateral maturing at times and in amounts sufficient, together with any money available to the Trustee for such purpose, to pay when due the principal or

redemption price, if applicable, and interest to become due on said Bonds or Notes on and prior to such redemption date or maturity date thereof, as the case may be.

(c) Upon such defeasance, the funds and investments required to pay or redeem the Bonds, Notes and other obligations to Beneficiaries shall be irrevocably set aside for that purpose, subject only, however, to the provisions of the Indenture relating to unclaimed money, and money held for defeasance shall be invested only as provided above and applied by the Trustee and other Paying Agents, if any, to the retirement of the Bonds and Notes and other obligations. Any funds or property held by the Trustee and not required for payment or redemption of the Bonds, Notes and other obligations to Beneficiaries in full shall, after satisfaction of all the rights of the Authority and the Trustee, be distributed to the Authority upon such indemnification, if any, as the Trustee reasonably requires.

Notes and Bonds of the Authority. (a) By Supplemental Indenture complying procedurally and in substance with the Act and the Indenture, the Authority may authorize, issue, sell and deliver (i) Bonds or (ii) Notes, including Notes in anticipation of Bonds, from time to time in such principal amounts as the Authority shall determine to be necessary, to provide sufficient funds to finance Financeable Costs by payment or reimbursement, and funding reserves to secure Notes or Bonds; and may issue Notes or Bonds to renew or refund Notes or Bonds, by exchange, purchase, redemption or payment, and establish such escrows therefor as it may determine.

(b) Bonds and Notes may be issued only:

(i) as Senior Bonds or Notes, or as Subordinate Bonds or Notes;

(x) to pay or reimburse Financeable Costs, but not to exceed the limitations for specified Financeable Costs set forth in the Act in issuance amount, measured by proceeds to the Authority, and in the case of variable interest rate Bonds, not to exceed a total aggregate principal amount Outstanding at any time of \$500 million of such variable interest rate Bonds except to the extent Rating Confirmation is obtained, and

(y) to refund or renew such Bonds or Notes; but

(ii) no Senior Bonds or Notes shall be authenticated and delivered except upon receipt by the Trustee of the following:

(y) an Officer's Certificate of the Authority setting forth, and based upon information provided to the Authorized Officer filing such Officer's Certificate by the State Comptroller or other State official on whom such Authorized Officer may reasonably rely, the most recent receipts by the Trustee (or by the Authority or the County, as applicable, with respect to the period prior to redirection of such amounts to the Trustee) for the 12 consecutive calendar months ended not more than three months prior to the date of such certificate, of the Sales Tax Revenues, in effect at the date of issuance of such Series of Bonds or Notes, collected by the State and to be payable to the Authority; and

(z) an Officer's Certificate of the Authority setting forth

- (I) the aggregate amount of Debt Service (excluding any accrued or capitalized interest), including such Series of Bonds or Notes, for each Fiscal Year Bonds or Notes that will be Outstanding, and
 - (II) that the amounts set forth pursuant to clause (y) will be at least three times the aggregate amount set forth in clause (z)(I) for each Fiscal Year set forth pursuant to clause (z)(I).
- (iii) no Senior Bonds shall be authenticated and delivered except upon receipt by the Trustee of (y) an Officer's Certificate of the Authority making the computation required in the definition of Debt Service Liquidity Account Requirement, determining whether or not such requirement has been triggered, and if so, the amount required to be deposited to the Debt Service Liquidity Account to fulfill such Debt Service Liquidity Account Requirement, and (z) provision for such deposit.

Each interest rate on Outstanding and proposed variable interest-rate Bonds or Notes, shall be assumed at the Estimated Average Interest Rate.

(c) The Notes and Bonds shall bear such dates and shall mature at such times as the Authority may provide pursuant to the Act. The Notes and Bonds shall bear interest at such fixed or variable rates, and shall be in such denomination, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place and be subject to such terms of redemption as the Authority may provide pursuant to the Act. The Notes and Bonds may be sold by the Authority at public or private sale pursuant to the Act.

Documents to be Delivered to Trustee. The Authority may from time to time request the authentication and delivery of a Series of Bonds or Notes by providing to the Trustee (at or prior to such authentication and delivery), among other documents, the following:

(a) an Officer's Certificate as to the purposes to be financed and to the effect that there is no default that will remain uncured immediately following such delivery, nor an uncured failure of the State or the County to comply with their respective agreements provided for in the Act, as in effect at the date of the Indenture; and

(b) an opinion of Counsel as to the due authorization, execution and delivery by the Authority of the Indenture and each relevant Supplemental Indenture; to the effect that the Indenture is in full force and effect and that the Bonds or Notes are valid and binding; and after delivery of the initial Series of Bonds, to the effect that the issuance of the Bonds or Notes will not adversely affect the exclusion from gross income for federal income tax purposes of interest on Tax-Exempt Bonds or Tax-Exempt Notes theretofore issued (as set forth in the opinions delivered with such prior Bonds or Notes).

Ancillary and Swap Contracts. Pursuant to the Act, the Authority may enter into, amend or terminate, as it determines to be necessary or appropriate, any ancillary or swap contracts, including Senior Agreements. The Authority may by Supplemental Indenture provide for the payment through the Bond Account of any amounts due pursuant to ancillary and swap contracts (excluding termination payments), any such ancillary and swap contracts thereby constituting Senior Agreements. Any amounts paid or payable to the Authority pursuant to any ancillary or swap contract shall constitute a Revenue and, except as otherwise provided in a Supplemental Indenture, shall be deposited in the Bond Account.

Bond Anticipation Notes. Whenever the Authority shall authorize the issuance of a Series of Bonds, the Authority may, by Supplemental Indenture, authorize the issuance of Notes and renewals thereof in anticipation of such Series. The interest on such Notes and renewals thereof may be made payable from the proceeds of such Notes, from the Bond Account or from the proceeds of the Series of Bonds in anticipation of which such Notes are issued. The proceeds of such Bonds may be pledged for the payment of the principal of or interest on such Notes, and any such pledge shall have a priority over any other pledge of such proceeds created by the Indenture. Subject to the Indenture, the Authority may also pledge the Revenues and the Accounts to the payment of the principal of such Notes.

Financeable Costs. Proceeds of the sale of the Bonds and Notes issued for Financeable Costs shall be promptly deposited in the Bond Proceeds Fund to the extent set forth by Supplemental Indenture, and applied to finance Financeable Costs. The Authority shall transfer its earnings on the Bond Proceeds Fund to the Collection Account as Revenues, or otherwise apply such earnings in accordance with the Tax Code pursuant to Officer's Certificate.

Limited Purpose of Indenture. The Indenture provides for the issuance and payment of the Authority's obligations and the financing and refinancing of Financeable Costs. The Indenture is not intended to convey to the Trustee or the Beneficiaries any right to exercise or approve the Authority's oversight powers and duties, including those set forth in the Act, and the right and obligation to exercise such powers and duties is reserved solely to the Authority, nor is the Indenture intended to convey to the Trustee or the Beneficiaries the benefit of any provisions of the Agreement not expressly pledged pursuant to the Indenture. Except as set forth in the Indenture and the Agreement, the Authority, the County and the Trustee shall have no liability to each other or to the Beneficiaries for the construction, reconstruction, acquisition, installation, physical condition, ownership or operation of any capital project of the County financed as a Financeable Cost or for the financing of Financeable Costs.

Application of Revenues. (a) Provision is made in the Act for the payment to the Authority of the Sales Tax Revenues, and the Authority has requested the State Comptroller to make such payments to the Collection Account to be held by the Trustee. Any Revenues received by the Authority shall be promptly deposited in the Collection Account. All Revenues in the Collection Account shall be applied upon receipt by the Trustee, in the following order of priority: *first* to the Bond Account to pay Debt Service pursuant to paragraph (b) summarized below, and any amount, if any, necessary to replenish the Debt Service Liquidity Account to the extent of any withdrawal therefrom; *second*, pursuant to Supplemental Indentures for the benefit of Subordinate Noteholders, Subordinate Bondholders and parties to Subordinate Agreements, to the extent such Supplemental Indentures may require application of Revenues to pay such items after payment of Debt Service but prior to Authority operating expenses; *third*, to the Authority's operating expenses, which may include deposits to the Redemption Account for optional redemption and reserves to be held by the Authority for payment of operating expenses, in such amounts as may be determined by Supplemental Indenture or Officer's Certificate; and *fourth* except to the extent set forth in the next sentence hereof, as soon as practicable, to the order of the County, free and clear of the lien of the Indenture. The Authority shall set aside Revenues otherwise payable to the County in a "county of Nassau revenue anticipation note withholding fund" to the extent required to comply with Section 3657(6) of the Act.

(b) At the beginning of each calendar month, the Trustee shall begin to transfer all Revenues from the Collection Account to the Bond Account, and shall continue such transfers until the amount in the Bond Account is equal to Accrued Debt Service to the last day of such month (or, if Debt Service is payable on a date other than the first day of each calendar month, to such day of the succeeding month). To the extent that Debt Service includes principal, interest or premium on Bonds or Notes to be purchased or redeemed prior to maturity, such Debt Service may be paid through the Redemption

Account, and the Authority may by Officer's Certificate direct the Trustee to transfer Revenues thereto, rather than to the Bond Account.

(c) Prior to any payment date for Debt Service, the Authority may by Officer's Certificate estimate interest payable at a variable rate; or treat anticipated receipts on an ancillary or swap contract as offsets thereto as specified in the Indenture.

(d) The transfers and payments shall be appropriately adjusted by Officer's Certificate of the Authority to reflect the date of issue of Notes or Bonds, any accrued or capitalized interest deposited in the Bond Account or any other amounts irrevocably pledged to the payment of such Debt Service for such period, dates of receipt of Revenues, actual rates of interest, any amount needed or held in the Accounts for Debt Service, and any purchase or redemption of Notes or Bonds, so that there will be available on each payment date the amount necessary to pay Debt Service and so that accrued or capitalized interest will be applied to the installments of interest to which it is applicable.

(e) Revenues shall in all events be transferred from the Collection Account to the Bond Account or Redemption Account to provide for the timely payment of Debt Service, and all Revenues shall be applied to pay Debt Service and other amounts then overdue pursuant to the Indenture.

(f) Money, if any, on deposit in the Debt Service Liquidity Account shall be held in trust and, except as otherwise provided, shall be applied solely to remedy any shortfall in the Bond Account in amounts due on Debt Service. If at any time the amount, if any, on deposit in the Debt Service Liquidity Account is in excess of the Debt Service Liquidity Account Requirement, the Trustee shall transfer such excess from the Debt Service Liquidity Account to the Collection Account.

Bond Account. A Bond Account is established with the Trustee and money shall be deposited therein as provided in the Indenture. Accrued interest received upon the sale of Notes (if so specified by Supplemental Indenture) or Senior Bonds shall be deposited in the Bond Account. The money in the Bond Account shall be held in trust and, except as otherwise provided, shall be applied solely to the payment of Debt Service. If at any time the amount held in the Bond Account exceeds Accrued Debt Service, the Trustee shall transfer such excess to the Collection Account as Revenues. The Trustee shall pay, or transfer money from the Bond Account to a Paying Agent in time for the Paying Agent to pay, Debt Service when due in same-day funds.

Redemption Account. A Redemption Account is established with the Trustee and money shall be deposited therein as provided in the Indenture. The money and investments in such Account shall be held in trust and, except as otherwise specified, shall be applied by the Trustee to the redemption of Bonds and Notes. Upon direction by Officer's Certificate of the Authority, the Trustee shall apply money in the Redemption Account to the purchase of Bonds and Notes for cancellation at prices not exceeding (unless so directed by Officer's Certificate of the Authority) the price at which they are then redeemable (or next redeemable if they are not then redeemable), but not with money required to pay Bonds or Notes for which notice of redemption has been given. Accrued interest on the purchase of Bonds and Notes may be paid from the Bond Account (if so payable under the Indenture) or as directed by Officer's Certificate of the Authority.

When money in the Redemption Account is to be applied to the redemption of Notes or Bonds, the Trustee shall pay, or transfer such money to a Paying Agent in time for the Paying Agent to pay, such Notes or Bonds when due in same-day funds.

If on any date the amount in the Bond Account is less than the amount then required to be applied to pay Debt Service then due, the Trustee shall apply the amount in the Redemption Account (other than

any sum irrevocably set aside for particular Notes or Bonds no longer Outstanding) to the extent necessary to meet the deficiency.

Redemption of the Bonds and Notes. The Authority may redeem Bonds and Notes at its option in accordance with their terms and shall redeem Bonds and Notes in accordance with their terms pursuant to any mandatory redemption (“sinking fund”) requirements established by Supplemental Indenture. When Bonds or Notes are called for redemption, the accrued interest thereon shall become due on the redemption date. To the extent not otherwise provided, the Authority shall deposit with the Trustee on or prior to the redemption date a sufficient sum to pay principal, redemption premium, and accrued interest.

Unless otherwise specified by Supplemental Indenture, there shall, at the option of the Authority, be applied to or credited against any sinking fund requirement the principal amount of any such Bonds that have been defeased, purchased or redeemed and not previously so applied or credited.

When Bonds or Notes are to be redeemed prior to maturity, the Trustee shall give notice in the name of the Authority, which notice shall identify the Bonds or Notes to be redeemed, state the date fixed for redemption and state that such Bonds or Notes will be redeemed at the corporate trust office of the Trustee or a Paying Agent. The notice shall further state that on such date there shall become due and payable upon each Bond or Note to be redeemed the redemption price thereof, together with interest accrued to the redemption date, and that money therefor having been deposited with the Trustee or Paying Agent, from and after such date, interest thereon shall cease to accrue. The Trustee shall give 30 days’ notice by mail, or otherwise transmit the redemption notice in accordance with the applicable Supplemental Indenture, to the registered owners of any Bonds or Notes which are to be redeemed, at their addresses shown on the registration books of the Authority. Such notice may be waived by any Holder of Bonds or Notes to be redeemed. Failure by a particular Holder to receive notice, or any defect in the notice to such Holder, shall not affect the redemption of any other Bond or Note.

Investments. Pending its use, money in the Accounts may be invested by the Trustee in Eligible Investments maturing or redeemable at the option of the holder at or before the time when such money is expected to be needed and shall be so invested pursuant to written direction of the Authority if there is not then an Event of Default known to the Trustee. Investments shall be held by the Trustee in the respective Accounts and shall be sold or redeemed to the extent necessary to make payments or transfers from each Account.

Except as otherwise specified, any interest realized on investments in any Account and any profit realized upon the sale or other disposition thereof shall be credited to the Collection Account.

The Trustee may hold undivided interests in Eligible Investments for more than one Account (for which they are eligible) and may make interfund transfers in kind.

If any money is invested under the Indenture and a loss results therefrom so that there are insufficient funds to pay Debt Service or to redeem Bonds or Notes called for redemption, then the deficiency shall be timely filled from Revenues (as Debt Service if so payable under the Indenture).

Unclaimed Money. Except as may otherwise be required by applicable law, in case any money deposited with the Trustee or a Paying Agent for the payment of the principal of, or interest or premium, if any, on any Bond or Note remain unclaimed for two years after such principal, interest or premium has become due and payable, the Fiduciary may and upon receipt of a written request of the Authority will pay over to the Authority the amount so deposited and the owner of such Bond or Note shall be entitled (subject to any applicable statute of limitations) to look only to the Authority as an unsecured creditor for the payment thereof.

Contract; Obligations to Beneficiaries. In consideration of the purchase and acceptance of any or all of the Bonds and Notes and ancillary and swap contracts by those who shall hold the same from time to time, the provisions of the Indenture shall be a part of the contract of the Authority with the Beneficiaries, and shall be deemed to be and shall constitute contracts among the Authority, the Trustee, the County to the extent specified in the Agreement, the Beneficiaries from time to time and, to the extent specified in the Act, the State. The pledge made in the Indenture and the covenants set forth to be performed by the Authority, the County and the State shall be for the equal benefit, protection and security of the Beneficiaries of the same priority. All of the Bonds or Notes or ancillary or swap contracts of the same priority, regardless of the time or times of their issuance or maturity, shall be of equal rank without preference, priority or distinction of any thereof over any other except as expressly provided pursuant to the Indenture and the Act.

The Authority shall pay when due all sums payable on the Bonds and Notes, from the Revenues and money designated in the Indenture, subject only to (i) the Act and the Indenture, and (ii) to the extent permitted by the Act and the Indenture, (x) agreements with Holders of Bonds and Notes pledging particular collateral for the payment thereof and (y) the rights of Beneficiaries under ancillary and swap contracts. The obligation of the Authority to pay principal, interest and redemption premium, if any, to the Holders of Bonds and Notes shall be absolute and unconditional, shall be binding and enforceable in all circumstances whatsoever, and shall not be subject to setoff, recoupment or counterclaim. The Authority shall also pay its operating expenses.

Enforcement. The Authority shall enforce or cause the Trustee to enforce by appropriate legal proceedings, each covenant, pledge or agreement made by the County or the State in the Indenture or in or pursuant to the Act for the benefit of any of the Beneficiaries.

Tax Covenant. The Authority shall at all times do and perform all acts and things permitted by law and necessary or desirable in order to assure that interest paid by the Authority on Tax-Exempt Bonds and Tax-Exempt Notes shall be excludable from gross income for Federal income tax purposes pursuant to Section 103(a) of the Code; and no funds of the Authority shall at any time be used directly or indirectly to acquire securities or obligations the acquisition or holding of which would cause any Tax-Exempt Bond or Tax-Exempt Note to be an arbitrage bond as defined in such Code and any applicable Regulations issued thereunder. If and to the extent required by the Code, the Authority shall periodically, at such times as may be required to comply with the Code, pay from the Bond Proceeds Fund or as an operating expense the amount, if any, required by the Code to be rebated thereto or paid as a related penalty.

Accounts and Reports. The Authority shall (1) cause to be kept books of account in which complete and accurate entries shall be made of its transactions relating to all funds and accounts under the Indenture, which books shall at all reasonable times be subject to the inspection of the County, the Trustee and the Holders of an aggregate of not less than 25% in principal amount of Bonds and Notes then Outstanding or their representatives duly authorized in writing; and

(2) keep in effect at all times by Officer's Certificate an accurate and current schedule of all Debt Service to be payable during the life of then Outstanding Bonds, Notes and Senior Agreements secured by the Bond Account, certifying for the purpose such estimates as may be necessary.

Ratings. Unless otherwise specified by Supplemental Indenture, the Authority shall pay such reasonable fees and provide such available information as may be necessary to obtain and keep in effect ratings on all the Senior Bonds from at least two nationally recognized statistical rating organizations.

No Other Business. The Authority shall not engage in any line of business not contemplated by the Act.

No Indebtedness or Funds of County. Except to the extent required by the Act, the Indenture does not constitute indebtedness of the County for purposes of Section 20.00 of the LFL or any constitutional or statutory limitation. The Authority's revenues, including the Revenues, are not funds of the County.

County Covenant. The Authority includes in the Indenture the County's pledge and agreement with the holders of any bonds, notes or other evidences of indebtedness of the Authority that the County will not limit or alter the rights vested in the Authority by the Act to fulfill the terms of any agreements made with such holders pursuant to the Act (including the ability to enforce the County's obligations under the Agreement), or in any way impair the rights and remedies of such holders or the security for such bonds, notes or other evidences of indebtedness until such bonds, notes or other evidences of indebtedness, together with the interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully paid and discharged. This County Covenant shall not be deemed to restrict any right the County may have to amend, modify or otherwise alter local laws, ordinances or resolutions imposing or relating to the Sales Tax Revenues or other taxes or fees or appropriations related to any such taxes or fees, so long as, after giving effect to such amendment, modification or other alteration, the amount of Sales Tax Revenues projected by the Authority to be available to the Authority during each of its fiscal years following the effective date of such amendment, modification or other alteration shall be not less than 200% of maximum annual debt service on all Authority bonds, notes and other evidences of indebtedness then outstanding.

State Covenant and Tax Contract. The Authority includes in the Indenture: (a) the State's pledge and agreement with the holders of outstanding bonds, notes or other evidences of indebtedness that the State will not limit, alter or impair the rights vested in the Authority by the Act to fulfill the terms of any agreements made with the holders (including the ability to enforce the County's obligations under the Agreement), or in any way impair the rights and remedies of such holders or the security for the bonds, notes or other evidences of indebtedness until such bonds, notes or other evidences of indebtedness, together with the interest thereon, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully paid and discharged; (b) the further terms of Section 3658 of the Act to the effect that: nothing contained in this covenant or the Act shall be deemed to restrict the right of the State to amend, modify, repeal or otherwise alter statutes imposing or relating to the Sales Tax Revenues and nothing in this covenant shall be deemed to obligate the State to make any additional payments or impose any taxes to satisfy the obligations of the Authority; and (c) the tax contract of the State in the Act.

Authority Acknowledgments. (a) The Authority acknowledges that the County's covenants and pledge and agreement for the benefit of the Holders and the State Covenant and Tax Contract constitute important security provisions of the Bonds and Notes, and to the fullest extent permitted by applicable Federal and State law, waives any right to assert any claim to the contrary and agrees that it will neither in any manner directly or indirectly assert, nor in any manner directly or indirectly support the assertion by the County, the State or any other person of, any such claim to the contrary.

(b) By acknowledging that the County's covenants and pledge and agreement for the benefit of the Holders and the State Covenant and Tax Contract constitute important security provisions of the Bonds and Notes, the Authority also acknowledges, to the fullest extent permitted by applicable Federal and State law, that, in the event of any failure or refusal by the County or the State to comply therewith, the Holders of the Bonds or Notes may have suffered monetary damages, the extent of the remedy for which may be, to the fullest extent permitted by applicable Federal and State law, determined,

in addition to any other remedy available at law or in equity, in the course of any action taken pursuant to the Indenture; and to the fullest extent permitted by applicable Federal and State law, the Authority waives any right to assert any claim to the contrary and agrees that it will neither in any manner directly or indirectly assert, nor in any manner directly or indirectly support the assertion by the County, the State or any other person of, any claim to the effect that no such monetary damages have been suffered.

(c) The Authority confirms that the acknowledgments and agreements summarized in paragraphs (a) and (b) above have been included as a result of negotiations with the underwriters of the initial Series of Bonds and may further acknowledge in any Supplemental Indenture if and the extent to which any provision of the Indenture has been amended, or any provision of such Supplemental Indenture has been included therein, as a result of the same or similar negotiations.

Rights and Duties of the Fiduciaries. The Fiduciaries shall not be required to monitor the financial condition of the Authority or the physical condition of any Project and, unless otherwise expressly provided, shall not have any responsibility with respect to reports, notices, certificates or other documents filed with them under the Indenture, except to make them available for inspection by Beneficiaries.

Upon a failure of the Authority to make a payment of Debt Service when due or a failure known to an Authorized Officer of the Trustee to make any other required payment within 7 days after the same becomes due and payable, the Trustee shall give written notice thereof to the Authority. The Trustee shall give notices of default when instructed to do so by the written direction of another Fiduciary or the owners of at least 25% in principal amount of the Outstanding Senior Bonds or with respect to the Indenture, if the Event of Default is actually known to an Authorized Officer. The Trustee shall proceed under the Indenture for the benefit of the Holders in accordance with the written directions of a Majority in Interest of the Outstanding Senior Bonds. The Trustee shall not be required to take any remedial action (other than the giving of notice) unless reasonable indemnity is furnished for any expense or liability to be incurred.

Each Fiduciary shall be entitled to the advice of counsel (who may be counsel for any party) and shall not be liable for any action taken in good faith in reliance on such advice. Each Fiduciary may rely conclusively on any notice, certificate or other document furnished to it under the Indenture and reasonably believed by it to be genuine. A Fiduciary shall not be liable for any action taken or omitted to be taken by it in good faith and reasonably believed by it to be within the discretion or power conferred upon it, or taken by it pursuant to any direction or instruction by which it is governed under the Indenture or omitted to be taken by it by reason of the lack of direction or instruction required for such action, or be responsible for the consequences of any error of judgment reasonably made by it. When any payment or consent or other action by a Fiduciary is called for by the Indenture, the Fiduciary may defer such action pending receipt of such evidence, if any, as it may reasonably require in support thereof. A permissive right or power to act shall not be construed as a requirement to act.

Any fees, expenses, reimbursements or other charges which any Fiduciary may be entitled to receive from the Authority, if not otherwise paid, shall be a first lien upon (but only upon) any funds held by the Trustee for payment of operating expenses.

Paying Agents. The Authority designates the Trustee a Paying Agent. The Authority may appoint additional Paying Agents, generally or for specific purposes, may discharge a Paying Agent from time to time and may appoint a successor. The Authority shall designate a successor if the Trustee ceases to serve as Paying Agent. Each Paying Agent shall be a bank or trust company eligible under the Act, and unless otherwise provided by Supplemental Indenture shall have a capital and surplus of not less than \$50,000,000 and be registered as a transfer agent with the Securities and Exchange Commission. The

Authority shall give notice of the appointment of a successor to the Trustee as Paying Agent in writing to each Beneficiary shown on the books of the Trustee. A Paying Agent may but need not be the same person as the Trustee. Unless otherwise provided by the Authority, the Trustee as Paying Agent shall act as Bond and Note registrar and transfer agent.

Resignation or Removal of the Trustee. The Trustee may resign on not less than 45 days' written notice to the Authority and the Holders. The Trustee will promptly certify to the Authority that it has given written notice to all Holders and such certificate will be conclusive evidence that such notice was given as required by the Indenture. The Trustee may be removed by written notice from the Authority (if not in default) or a Majority in Interest of the Outstanding Senior Bonds to the Trustee and the Authority. Such resignation or removal shall not take effect until a successor has been appointed.

Successor Fiduciaries. Any corporation or association which succeeds to the municipal corporate trust business of a Fiduciary as a whole or substantially as a whole, whether by sale, merger, consolidation or otherwise, shall thereby become vested with all the property, rights, powers and duties thereof under the Indenture, without any further act or conveyance.

In case a Fiduciary resigns or is removed or becomes incapable of acting, or becomes bankrupt or insolvent, or if a receiver, liquidator or conservator of a Fiduciary or of its property is appointed, or if a public officer takes charge or control of a Fiduciary, or of its property or affairs, then such Fiduciary shall with due care terminate its activities and a successor may, or in the case of the Trustee shall, be appointed by the Authority. If no appointment of a successor Trustee is made within 45 days after the giving of written notice of resignation or after the occurrence of any other event requiring or authorizing such appointment, the outgoing Trustee or any Holder may apply to any court of competent jurisdiction for the appointment of such a successor, and such court may thereupon, after such notice, if any, as such court may deem proper, appoint such successor. Any successor Trustee shall be a trust company or a bank having the powers of a trust company, located in the State, having a capital and surplus of not less than \$50,000,000.

Fiduciaries for Notes and Subordinate Bonds. The Authority may by Supplemental Indenture provide for the appointment of a Fiduciary (which may be the Trustee) to represent the Holders of Notes or Subordinate Bonds, having powers and duties not inconsistent with the Indenture or the Act.

Action by Holder. Any request, authorization, direction, notice, consent, waiver or other action provided by the Indenture to be given or taken by Holders of Bonds or Notes may be contained in and evidenced by one or more writings of substantially the same tenor signed by the requisite number of Holders or their attorneys duly appointed in writing or by such electronic or other means as may be recognized pursuant to applicable law. Proof of the execution of any such instrument, or of an instrument appointing any such attorney, shall be sufficient for any purpose of the Indenture (except as otherwise therein expressly provided) if made in the following manner, but the Authority or the Trustee may nevertheless in its discretion require further or other proof in cases where it deems the same desirable. The fact and date of the execution by any Bondholder or his attorney of such instrument may be proved by the certificate or signature guarantee, which need not be acknowledged or verified, of an officer of a bank, trust company or securities dealer satisfactory to the Authority or to the Trustee; or of any notary public or other officer authorized to take acknowledgements of deeds to be recorded in the state in which he purports to act, that the person signing such request or other instrument acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before such notary public or other officer. The authority of the person or persons executing any such instrument on behalf of a corporate Holder may be established without further proof if such instrument is signed by a person purporting to be the president or a vice president of such corporation with a corporate seal affixed and attested by a person purporting to be its clerk or secretary or an assistant clerk or secretary. Any action of

the Owner of any Bond or Note shall be irrevocable and bind all future record and beneficial owners thereof.

Registered Owners. The enumeration of certain provisions applicable to DTC as Holder of immobilized Notes and Bonds shall not be construed in limitation of the rights of the Authority and each Fiduciary to rely upon the registration books in all circumstances and to treat the registered owners of Notes and Bonds as the owners thereof for all purposes not otherwise specifically provided for. Notwithstanding any other provisions of the Indenture, any payment to the registered owner of a Note or Bond shall satisfy the Authority's obligations thereon to the extent of such payment.

Events of Default; Default. "Event of Default" in the Indenture means any one of the events set forth below and "default" means any Event of Default without regard to any lapse of time or notice: (a) the Authority shall fail to pay when due any interest, principal or redemption premium on a Note or Bond; (b) the Authority shall fail to observe or perform any of its other agreements, covenants or obligations under the Indenture and such failure is not remedied within 30 days after written notice thereof is given by the Trustee to the Authority; (c) specified events of insolvency relating to the Authority; (d) the State shall (i) amend, alter, repeal or fail to comply with the State Covenant or its tax contract in the Act as in effect on the date of the Indenture or (ii) enact a moratorium or other similar law affecting the Bonds or Notes; and (e) the County shall fail to observe or perform any of its agreements, covenants or obligations under the Agreement that have been pledged for the benefit of the Holders and such failure is not remedied within 30 days after written notice thereof is given by the Trustee to the County and the Authority or by the Authority to the Trustee and the County.

Remedies of the Trustee. If an Event of Default occurs and is continuing: (1) the Trustee may, and upon written request of the Holders of 25% in principal amount of the Senior Bonds and Notes Outstanding shall, in its own name by action or proceeding in accordance with the Civil Practice Law and Rules of the State: (a) enforce all rights of the Holders and require the Authority or, to the extent permitted by law, the State or the County to carry out its agreements with the Holders and to perform its duties under the Act; (b) sue upon such Bonds and Notes; (c) require the Authority to account as if it were the trustee of an express trust for the Holders of such Bonds and Notes; and (d) enjoin any acts or things which may be unlawful or in violation of the rights of the Holders of such Bonds and Notes; (2) the Trustee shall, in addition, have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth in the Act or incident to the general representation of Holders in the enforcement and protection of their rights; and (3) if such Event of Default is described in clause (a), and relates to a Bond or Note the payment of which constitutes Debt Service or is described in clause (c), the Trustee shall (a) give Written Notice thereof to the Authority, the Holders, the County Executive, the County Legislature, the County Comptroller, the Governor, the State Comptroller, the chair and ranking minority member of the Senate Finance Committee, and the chair and ranking minority member of the Assembly Ways and Means Committee and (b) if so directed by a Majority in Interest of the Senior Bonds, and having given 30 days' notice to the Authority, declare the principal amount of all Bonds and Notes to be, and the same shall become, due and payable.

Subordinate Note and Subordinate Bond Remedies. Subject to the prior application of the Accounts to pay Debt Service, the Indenture and to each applicable Supplemental Indenture, the Holders of Subordinate Notes or Subordinate Bonds, or a Fiduciary appointed for them, may enforce the provisions of the Indenture for their benefit by appropriate legal proceedings.

Individual Remedies. No one or more Holders shall by his or their action affect, disturb or prejudice the pledge created by the Indenture, or enforce any right under the Indenture, except in the manner therein provided; and all proceedings at law or in equity to enforce any provision of the Indenture shall be instituted, had and maintained in the manner provided therein and for the equal benefit of all

Holders of the same class; but nothing in the Indenture shall affect or impair the right of any Holder of any Bond or Note to enforce payment of the principal thereof, premium, if any, or interest thereon at and after the maturity thereof, or the obligation of the Authority to pay such principal, premium, if any, and interest on each of the Bonds and Notes to the respective Holders thereof at the time, place, from the source and in the manner expressed in the Indenture and in the Bonds and Notes.

Venue. The venue of every action, suit or special proceeding against the Authority shall be laid in the County of Nassau, New York.

Waiver. If the Trustee determines that a default has been cured before the entry of any final judgment or decree with respect to it, the Trustee may waive the default and its consequences, by written notice to the Authority, and shall do so upon written instruction of the Holders of at least 25% in principal amount of the Outstanding Senior Bonds and Notes.

Application of Money. If available money in the Accounts is not sufficient on any day to pay all Debt Service, Subordinate Bonds and Subordinate Agreements then due or overdue, such money (subject to provisions theretofore made for the payment of Bonds or Notes no longer outstanding) shall be applied *first* to the Trustee's fees and other costs of collecting and applying the Revenues and administering the accounts, *second* to the payment of interest, including interest on overdue principal and interest, in the order in which the same became due (pro rata with respect to interest which became due at the same time), and if the amount available shall not be sufficient to pay in full any installment or installments of interest or obligations with respect to Senior Agreements maturing on the same date, then to the payment thereof ratably, according to the amounts due in respect of each item of Debt Service without priority or preference of any item over any other; *third* to the payment of principal (including sinking fund installments) and redemption premiums, if any, without regard to the order in which the same became due (in proportion to the amounts due), and if the amount available shall not be sufficient to pay in full all principal, premium or obligations with respect to Senior Agreements maturing on the same date, then to the payment thereof ratably, according to the amounts due in respect of each item of Debt Service without priority or preference of any item over any other; and *fourth* to the payment to any Notes (to the extent not paid as Debt Service), Subordinate Bonds and Subordinate Agreements then due and, if the amounts available are insufficient to pay in full all such subordinated payment obligations, then to the payment thereof ratably, without preference or priority of any such item over any other. For this purpose Debt Service on Senior Agreements shall be characterized in accordance with their financial terms and interest on overdue principal shall be treated as coming due on the first day of each month. Whenever money is to be applied pursuant to this section, such money shall be applied at such times, and from time to time, as the Trustee in its discretion shall determine, having due regard to the amount of such money available for application and the likelihood of additional money becoming available for such application in the future. Upon the exercise of such discretion the Trustee shall fix the date (which shall be the first of a month unless it deems another date more suitable) upon which such application is to be made, and upon such date interest on the principal then provided for shall cease to accrue. The Trustee shall give such notice as it may deem appropriate of the fixing, of any such date. When interest or a portion of the principal is to be paid on an overdue Bond or Note, the Trustee may require presentation of the Bond or Note for endorsement of the payment.

Supplements and Amendments. (A) The Indenture may be (1) supplemented by delivery to the Trustee of an instrument certified by an Authorized Officer of the Authority to (a) provide for earlier or greater deposits into the Bond Account, (b) subject any property to the lien of the Indenture, (c) add to the covenants and agreements of the Authority or surrender or limit any right or power of the Authority, (d) identify particular Notes or Bonds for purposes not inconsistent with the Indenture including credit or liquidity support, remarketing, serialization and defeasance, or (e) authorize Bonds or Notes of a Series and in connection therewith determine the matters referred to in the Indenture and any other things

relative to such Bonds or Notes that are not prejudicial to the Holders, or to modify or rescind any such authorization or determination at any time prior to the first authentication and delivery of such Series of Bonds or Notes; or

(2) amended by the Authority and the Trustee (a) to cure any ambiguity or defect, (b) to add provisions that are not prejudicial to the Holders, (c) to adopt amendments that do not take effect unless and until (i) no Bonds or Notes Outstanding prior to the adoption of such amendment remain Outstanding or (ii) such amendment is consented to by the Holders of such Bonds or Notes in accordance with the Indenture, or (d) pursuant to paragraph (B) summarized below.

(B) Except as described in the foregoing paragraph (A), the Indenture may be amended (1) only with the written consent of a Majority in Interest of the Subordinate Bonds, Senior Bonds and Notes (acting as three separate classes) to be Outstanding at the effective date thereof and affected thereby; but (2) only with the unanimous written consent of the affected Holders for any of the following purposes: (a) to extend the maturity of any Bond or Note, (b) to reduce the principal amount or interest rate of any Bond or Note, (c) to make any Bond or Note redeemable other than in accordance with its terms, (d) to create a preference or priority of any Bond or Note over any other Bond or Note of the same class or (e) to reduce the percentage of the Bonds and Notes required to be represented by the Holders giving their consent to any amendment.

(C) Any amendment of the Indenture shall be accompanied by a Counsel's Opinion to the effect that the amendment is permitted by law and does not adversely affect the exclusion of interest on the Tax-Exempt Bonds and Tax-Exempt Notes from gross income for Federal income tax purposes.

Beneficiaries. The Indenture is not intended for the benefit of and shall not be construed to create rights in parties other than the Authority, the Fiduciaries, the Holders of Notes and Senior Bonds, and the other Beneficiaries to the extent specified therein.

THE AGREEMENT

County's Further Assurances. Pursuant to the Act, the County acknowledges the State's grant to the Authority and the Authority's pledge and assignment to the Trustee of, and disclaims ownership of, all subject to the terms of the Act: the County's right, title and interest in and to the Sales Tax Revenues, and all rights to receive the same and the proceeds thereof; and the County will protect and defend the Trustee's title to assets thereto.

Separate Accounts and Records. The Authority and the County represent and covenant, each for itself, that: (a) Each of them will maintain its books, financial records and accounts (including, without limitation, inter-entity transaction accounts) in a manner so as to identify separately the assets and liabilities of each such entity; each has observed and will observe all applicable corporate procedures and formalities, including, where applicable, the holding of regular periodic and special meetings of governing bodies, the recording and maintenance of minutes of such meetings, and the recording and maintenance of resolutions, if any, adopted at such meetings; and all transactions and agreements between and among the Authority, the County and the Trustee have reflected and will reflect the separate legal existence of each entity and have been and will be formally documented in writing; and (b) Neither the Authority nor the County has commingled or will commingle any of its assets, funds or liabilities with the assets, funds or liabilities of any other person or entity. Each of them has conducted and will conduct all business between itself and third parties in its own name and separate and distinct from the other.

Bond Proceeds Fund. A Bond Proceeds Fund is established to be held by the Trustee in trust for the benefit of the Authority and the County. The Beneficiaries shall have no interest in the Bond Proceeds Fund or any amounts from time to time on deposit in it. Money shall be deposited therein as provided in the Indenture. The money and investments in the Bond Proceeds Fund shall be applied at the direction of the Authority as described below.

The Trustee shall pay from the Bond Proceeds Fund the Costs of Issuance that are approved by the Authority, and except as otherwise directed by the Authority in accordance with this Agreement, disburse funds to the County upon receipt of a Requisition to finance, by payment or reimbursement, of Financeable Costs to the extent set forth in the related Declaration of Need or as otherwise approved by the Authority. When all Costs of Issuance and other Financeable Costs have been paid or reimbursed, as evidenced by Officer's Certificates of the Authority and the County, any excess in the Bond Proceeds Fund shall promptly be paid to the Trustee for deposit in the Redemption Account.

The Authority shall develop, and may from time to time modify, procedures for the disbursement, of money to the County from the Bond Proceeds Fund, upon terms, conditions and documentation providing for compliance with the Act, the provisions of the related Arbitrage and Use of Proceeds Certificate, the Agreement, the Indenture, and the advice of Counsel as to the application of proceeds of Tax-Exempt Notes and Tax-Exempt Bonds. The County shall apply Note and Bond proceeds made available to it only to pay such Financeable Costs as have been included in a Declaration of Need previously approved by the Authority and for which a Requisition in proper form has been submitted. The County shall apply such proceeds to pay such Financeable Costs under contracts awarded by the County or to make a contribution of such proceeds as County funds to another entity for the payment or reimbursement of such Financeable Costs.

To the extent provided in any applicable Supplemental Indenture, the Trustee shall, upon the direction of the Authority, pay from the Bond Proceeds Fund amounts necessary to accomplish any restructuring or refunding of the County's or the Authority's debt, as applicable, into a separate account or fund for investment in appropriate defeasance securities as provided in a Supplemental Indenture.

Money in the Bond Proceeds Fund shall be invested and reinvested at the direction of the Authority in accordance with the Act and the Indenture, consistent with the related Arbitrage and Use of Proceeds Certificate. Earnings thereon shall be transferred to the Collection Account as Revenues.

Indemnity. To the extent permitted by law, the County shall indemnify the Authority and hold it harmless against any claim, demand, action, liability, damages, cost, loss or expense (including legal fees and disbursements) that the Authority incurs arising out of or in relation to any capital project of the County or the financing of any Financeable Cost by the Authority.

Limited Purpose of Agreement. The Agreement provides for the Authority's financing of Financeable Costs. Except as specified in the Agreement, the Authority, the County, and the Trustee shall have no liability to each other or to the Beneficiaries of the Indenture for the construction, reconstruction, acquisition, installation, physical condition, ownership or operation of any capital project of the County or arising out of the status of any such capital project under the State Environmental Quality Review Act or otherwise. Whether to undertake any financing, as well as the specific Financeable Costs to be paid or reimbursed by the Authority, shall be determined by the Authority, in its sole discretion, upon the request of the County as evidenced by submission to the Authority by the County of a Declaration of Need.

Covenants of the County. The County covenants with the Authority, and consents to the pledge and assignment to the Trustee of any of its covenants, that:

(A) The County will at all times do and perform all acts and things permitted by law and necessary or desirable in order to assure that interest paid by the Authority on Tax-Exempt Bonds and Tax-Exempt Notes shall be excludable from gross income for federal income tax purposes pursuant to Section 103(a) of the Code; and shall execute and deliver to the Authority an Arbitrage and Use of Proceeds Certificate, as requested by the Authority or Counsel to the Authority and shall comply with the terms thereof; and no funds of the County shall at any time be used directly or indirectly to acquire securities or obligations the acquisition or holding of which would cause any Tax-Exempt Bond or Tax-Exempt Note to be an arbitrage bond as defined in the Code and any applicable Regulations issued thereunder.

(B) The County in its papers and in the statements of its officials has referred and will refer to the Authority as a separate and distinct legal entity; and the County will take no action that is inconsistent with the Agreement and that would give any creditor of the County cause to believe either that any such obligations incurred by the County would be not only the obligation of the County, but also of the Authority, or that the County were not or would not continue to remain an entity separate and distinct from the Authority.

(C) An Authorized Officer of the County shall, not less than 60 days prior to the beginning of each County fiscal year, and as often as such Authorized Officer deems necessary but at least monthly thereafter, certify to the Authority and the Trustee the County's estimated projection of Sales Tax Revenues payable to the Authority each month during such fiscal year.

(D) The County will not exercise any right it may have to amend, modify or otherwise alter local laws imposing or relating to the Sales Tax Revenues without first requesting in writing the Authority to make the projection of Sales Tax Revenues required by the Agreement and confirming with the Authority that such exercise will not violate the County covenant contained therein and in the Act. The foregoing is not intended to limit the right of the County to adopt one or more local laws or ordinances imposing or extending the imposition of sales and use taxes.

(E) The County will at all times do and perform all acts and things permitted by law and necessary or desirable to maintain compliance with its undertakings hereunder and in connection with any financing by the Authority, including, cooperating with the Authority, its employees, consultants and underwriters, and in providing certifications and opinions requested by the Authority, and, further, providing all material disclosure for any Offering Circular of the Authority or in connection with any necessary undertaking under Securities and Exchange Commission ("SEC") Rule 15c2-12 to allow the underwriters of Authority financings to meet their obligations thereunder and under SEC Rule 10b-5.

(F) The County will comply, and will take all reasonable efforts in its power to cause any "covered organization", as such term is defined in the Act, to comply with the provisions of the Act.

(G) Except to the extent expressly identified in any such Declaration of Need, the County will not make any Declaration of Need or submit any Requisition except with respect to Financeable Costs that could be financed by the County by the issuance of its bonds or notes as of the date of such Declaration of Need or Requisition, there being in effect with respect to each capital project constituting such a Financeable Cost (i) findings or other proceedings meeting the requirements of the State Environmental Quality Review Act and (ii) all proceedings necessary under the County Charter and all other applicable State law necessary to authorize the appropriation and expenditure of County funds for such purposes, and each Declaration of Need and Requisition shall be deemed to be a representation by the County to such effect with respect to the Financeable Costs that are the subject thereof. The County shall provide to the Authority such documentation and information as requested, and in the form

requested, by the Authority from time to time in connection with Financeable Costs proposed for financing.

Statutory Pledge and Agreement (“County Covenant”). The County pledges and agrees with the Holders of the Outstanding Bonds and Notes that the County will not limit or alter the rights vested in the Authority by the Act to fulfill the terms of any agreements made with such Holders pursuant to the Act, or in any way impair the rights and remedies of such Holders or the security for such Bonds and Notes until such Bonds and Notes, together with the interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of such Holders, are fully paid and discharged. This paragraph shall not be deemed to restrict any right the County may have to amend, modify or otherwise alter local laws imposing or relating to the Sales Tax Revenues so long as, after giving effect to such amendment, modification or other alteration, the amount of Sales Tax Revenues projected by the Authority to be available to the Authority during each of its fiscal years following the effective date of such amendment, modification or other alteration shall be not less than 200% of maximum annual debt service on all bonds, notes and other evidences of indebtedness then outstanding. Nothing in the Act or the Agreement shall be deemed to obligate the County to make additional payments or impose taxes other than those imposed pursuant to the authority of paragraph one of subdivision (a) of Section 1210 of the Tax Law of the State to satisfy the debt service obligations of the Authority.

Statutory Requirement. To the extent required by the Act, the County agrees that it shall require every contract entered into by the County, or entered into by any other entity receiving funds from the County, for projects or costs to be financed in whole or in part by the Authority to be subject to the provisions of the County Charter and other applicable laws governing contracts of the County or such entity, as the case may be.

Transfers to County; Issuance of Bonds or Notes. Subject to the provisions of the Act and the Agreement, all money received by the Authority which, together with other money available for the purposes of the Indenture, exceeds the amount determined by the Authority to be necessary for such purposes shall be transferred to the order of the County as frequently as practicable. The County acknowledges that any decision by the Authority to either (i) issue or incur its Bonds, Notes or other evidences of indebtedness from time to time, or (ii) withhold from the County or transfer to the County “transitional state aid” as such term is defined in the Act, is in the sole discretion of the Authority consistent with the Act and the Indenture.

County Acknowledgments. (a) The County acknowledges that the sections entitled “Covenants of the County” and “Statutory Pledge and Agreement” above constitute important security provisions of the Bonds and Notes, and to the fullest extent permitted by applicable Federal and State law, waives any right to assert any claim to the contrary and agrees that it will neither in any manner directly or indirectly assert, nor in any manner directly or indirectly support any assertion of, any claim to the contrary.

(b) By acknowledging that its covenants and pledge and agreement for the benefit of the Holders constitute important security provisions of the Bonds and Notes, the County also acknowledges, to the fullest extent permitted by applicable Federal and State law, that, in the event of any failure or refusal by the County to comply therewith, the Holders of the Bonds or Notes may have suffered monetary damages, the extent of the remedy for which may be, to the fullest extent permitted by applicable Federal and State law, determined, in addition to any other remedy available at law or in equity, in the course of any action taken pursuant to the Agreement; and to the fullest extent permitted by applicable Federal and State law, the County waives any right to assert any claim to the contrary and agrees that it will neither in any manner directly or indirectly assert, nor in any manner directly or indirectly support any assertion of, any claim to the effect that no such monetary damages have been suffered.

(c) The County further acknowledges that the acknowledgments and agreements described in paragraphs (a) and (b) above have been included as a result of negotiations with the underwriters of the Authority's initial series of bonds and may further acknowledge if and the extent to which any provision of the Agreement has been amended, or any provision of a Supplemental Indenture has been included therein, as a result of the same or similar negotiations.

Remedies. If the County shall fail to observe or perform any covenant, condition or agreement on its part to be observed or performed, the Authority shall, if such default has not been cured, have the right (i) to institute any action at law or in equity deemed by the Authority to be necessary or desirable to collect any amounts then due or thereafter to become due or to enforce performance and observance of any obligation, agreement or covenant of the County under the Agreement and (ii) to withhold disbursement of any amounts from the Bond Proceeds Fund other than amounts set aside for the payment of County bonds or notes. At its election, the Authority may withhold any amounts adjudged or decreed payable to it from the Revenues as an Operating Expense.

Amendment. (A) The Agreement may be (1) supplemented by delivery to the Trustee of an instrument certified by an Authorized Officer of the Authority and executed or approved by the County to the extent required by the Agreement and the Act, to add to the covenants and agreements of the County or the Authority for the benefit of the Holders or surrender or limit for the benefit of the Holders any right or power of the County or the Authority; or (2) amended by the parties with notice to the Trustee but without Bondholder or Noteholder consent to (a) cure any ambiguity or defect, (b) change any provision of the Agreement that is not pledged to the Trustee pursuant to the Indenture, or (c) add provisions that are not prejudicial to the Holders of the Bonds and Notes, including provisions that do not take effect unless and until (i) no Bonds or Notes Outstanding prior to the adoption of such amendment remain Outstanding or (ii) such amendment is consented to by Holders in accordance with the provisions of the Agreement.

(B) Except as described in the foregoing paragraph (A), the Agreement may be amended only by the County and the Authority with the written consent of a Majority in Interest of the Subordinate Bonds, Senior Bonds and Notes (acting as three separate classes) Outstanding at the effective date thereof and affected thereby; but only with the unanimous written consent of the affected Holders to reduce the percentage of the Bonds and Notes required to be represented by the Holders giving their consent to any amendment.

(C) Any amendment of the Agreement shall be accompanied by a Counsel's Opinion to the effect that the amendment is permitted by law and does not adversely affect the exclusion of interest on the Tax-Exempt Bonds and Tax-Exempt Notes from gross income for federal income tax purposes.

Beneficiaries. The Agreement is not intended for the benefit of and shall not be construed to create rights in parties other than the County, the Authority, and to the extent specified in the Agreement and the Indenture, the Holders of Notes and Senior Bonds and the other Beneficiaries.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Nassau County Interim Finance Authority

We have audited the accompanying general-purpose financial statements of the Nassau County Interim Finance Authority (the "Authority"), as of December 31, 2001, and for the year then ended, listed in the foregoing table of contents. These general purpose financial statements are the responsibility of the management of the Authority. Our responsibility is to express an opinion on this general purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such general-purpose financial statements present fairly, in all material respects, the financial position of the Authority, at December 31, 2001 and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 26, 2002, on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

NASSAU COUNTY INTERIM FINANCE AUTHORITY

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2001

1. ORGANIZATION

The Nassau County Interim Finance Authority (the "Authority") is a corporate governmental agency and instrumentality of the State of New York (the "State") constituting a public benefit corporation created by the Nassau County Interim Finance Authority Act, Chapter 84 of the Laws of 2000, as supplemented by Chapter 179 of the Laws of 2000 and as may be amended from time to time (the "Act"). The Act became effective June 23, 2000. Although legally separate and independent of Nassau County (the "County"), the Authority is a component unit of the County for County financial reporting purposes and, accordingly, is included in the County's financial statements.

The Authority is governed by seven directors, each appointed by the Governor, including one each appointed upon the recommendation of the Majority Leader of the State Senate, the Speaker of the Assembly and the State Comptroller. The Governor also designates the chairperson and vice-chairperson from among the directors.

The Authority has power under the Act to monitor and oversee the finances of Nassau County, and upon declaration of a "Control Period" as defined in the Act, additional oversight authority. The Authority is also empowered to issue its bonds and notes for various County purposes, defined in the Act as "Financeable Costs". The Act authorizes the issuance of bonds and notes, without limit, to finance capital projects and cash flow needs of the County, as well as, to the extent authorized by State law, any County deficit. In addition, the Authority may issue bonds up to the limits as currently set forth in the Act, exclusive of any bonds issued to finance reserves, capitalized interest or costs of issuing such obligations, to refinance the County's indebtedness (up to \$415,000,000) and tax certiorari judgments and settlements of the County (up to \$400,000,000 if the proceeding commenced before June 1, 2000 and up to \$100,000,000 in each ensuing County fiscal year 2001 to 2004, with respect to proceedings commenced on or after such date). The Act currently provides that the Authority may not issue bonds after 2004, other than refunding bonds. No bond of the Authority may mature later than January 31, 2036 or more than 30 years from its date of issuance.

Revenues of the Authority ("Revenues") consist of sales tax revenues, defined as net collections from sales and compensating use taxes, penalties and interest authorized by the State and imposed by the County on the sale and use of tangible personal property and services in the County ("Sales Tax Revenues"), and investment earnings on money and investments on deposit in various Authority accounts. Sales Tax Revenues collected by the State Comptroller for transfer to the Authority are not subject to appropriation by the State or County. Revenues of the Authority that are not required to pay debt service, operating expenses and other costs of the Authority are payable to the County as frequently as practicable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Authority follows the modified accrual basis of accounting. It recognizes revenue when it becomes susceptible to accrual, which is when it becomes both measurable and available to finance expenditures in the current fiscal period. “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures are accrued when the related liability is incurred, except for unmatured debt service on bonds payable, which is recognized when due (see Note 5).

The Authority uses four governmental fund groups and an account group to report its financial position and the results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain functions and activities. The General Fund accounts for sales tax and interest revenues received by the Authority and for general operating expenses of the Authority. Short-term borrowings of the Authority are also accounted for, as applicable, in the General Fund or the Capital Fund. The Special Revenue Fund accounts for Transitional State Aid, as defined in the Act, which includes assistance for general County needs and aid targeted to assist the County in streamlining its tax certiorari processing. Both types of aid are provided to the County through the Authority. The Debt Service Fund accounts for the accumulation of resources for payment of principal and interest on the Authority’s bonds. Only that portion of bonds payable expected to be financed from expendable available resources is reported as a liability of the Debt Service Fund. The Capital Projects Fund accounts for resources to be transferred to the County for its Financeable Costs. The General Long Term Obligations Account Group accounts for long term bonds payable which at maturity will be paid by the Debt Service Fund and for other estimated liabilities arising from accumulated unpaid vacation, holiday and sick leave of the Authority’s employees.

The Authority receives Sales Tax Revenues several times each month, and receives interest earnings from time to time as investments mature. Funds for debt service are required to be set aside from revenues on a monthly basis, and the Authority also deducts, as necessary, amounts, which in its judgment are required for Authority operations and operating reserves. Residual Sales Tax Revenues and investment earnings are then transferred to the County as cash.

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Authority’s management to make estimates and assumptions in determining the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the dates of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from these estimates.

3. TRANSACTIONS WITH AND ON BEHALF OF NASSAU COUNTY

The Act and other legal documents of the Authority establish various financial relationships between the Authority and the County. The resulting financial transactions between the Authority and the County include the receipt and use of Revenues as well as Authority debt issuance to fund Financeable Costs of the County. Each of these are more fully described and illustrated in charts below.

Receipt and Use of Revenues in 2001 (not including the Special Revenue Fund) consists of:

- The receipt and remittance to the County of Sales Tax Revenues (see Notes 1, 2 and 5);

- The withholding by the Authority of Sales Tax Revenues for the year ended December 31, 2000 that would otherwise have been remitted to the County, the deposit of those monies into the County of Nassau Revenue Anticipation Note (“RAN”) Withholding Fund, and the retention in that fund of earnings thereon, including interest earned in the year ended December 31, 2001, prior to retirement of the Notes on March 20, 2001 and April 12, 2001 (See Note 9); and
- The remittance to the County, for Financeable Costs or for general County operations, of earnings on various other funds held by or on behalf of the Authority, to the extent that those earnings are not required for the payment of Authority debt service or expenses.

The following chart summarizes the revenue flows resulting from the financial relationships discussed above.

4. CASH AND INVESTMENTS

The Authority invests in accordance with the Act, as well as other applicable rules and regulations, the Indenture, and Authority Investment Guidelines adopted by the Authority Directors in November 2000. As of December 31, 2001 the Authority held cash, collateralized Certificates of Deposit, Treasury Note Principal Strips, Treasury Bills, Federal National Mortgage Association Discount Notes and Federal Home Loan Mortgage Corporation Discount Notes. All cash deposits of Authority funds (as distinct from Bond Proceeds) are required to be fully collateralized or insured. Collateral for the Authority cash and certificates of deposit, which is required to be 102% of the amount of the cash or certificate of deposit amount and to be held by a third party custodian, consisted of U.S. government and agency obligations.

The Authority also holds Nassau County Revenue Anticipation Notes, Series 2001A and 2001B (together, the "RANs") in the aggregate principal amount of \$180,920,000 and maturing in February and March 2002, respectively; and Nassau County Tax Anticipation Notes, Series 2001A, 2001B and 2001C (together, the "TANs"), in the aggregate principal amount of \$159,150,000 and maturing in April, August and November 2002, respectively. The RANs were sold to the Authority at private sale, in connection with the Authority's Series 2001A-1 Bond Anticipation Note issuance in July 2001. The TANs were sold to the Authority at private sale, in connection with the Authority's 2001B-2 Bond Anticipation Note issuance in December 2001 (see Note 7). The RANs and TANs are not considered to be marketable securities for financial reporting purposes.

The following table summarizes the Authority's cash and investments as of December 31, 2001. Short-term investments with maturities of 90 days or less, and non-marketable securities, are recorded at cost. Marketable securities with maturities longer than 90 days are recorded at fair value and all investment income, including changes in fair value, is reported as revenue on the Statement of Revenue, Expenditures and Changes in Fund Balance. Fair value is determined using market values at December 31, 2001.

On the Balance Sheet, the accrual of interest on short-term investments is reported as interest receivable, and the unrealized change in fair value of marketable securities with maturities longer than 90 days is reflected in the amount of the investment asset.

5. SALES TAX REVENUE RECEIVABLE

Sales Tax Revenues are reported on a modified accrual basis. As such, Sales Tax Revenues received after December 31, 2001 through February 28, 2002, but attributable to Fiscal Year 2001 are shown on the Balance Sheet as Sales Tax Receivable. On the Statement of Revenues, Expenditures and Changes in Fund Balance, applicable portions of these funds have been included as Transfers to Nassau County and Debt Service expense.

6. BONDS PAYABLE

The Authority issued \$254,720,000 of Sales Tax Secured Bonds, Series 2000A (the “2000A Bonds”), on October 25, 2000 and \$181,480,000 of Sales Tax Secured Bonds, Series 2001A (the “2001A Bonds” and, together with the 2000A Bonds, the “Bonds”), on June 27, 2001. The Bonds were issued pursuant to an Indenture (the “Indenture”) between the Authority and the United States Trust Company of New York and its successor The Bank of New York (the “Trustee”), under which the Authority has pledged its right, title and interest in the Revenues of the Authority to secure repayment of Authority debt. The Act provides that the Authority’s pledge of its Revenues represents a perfected first security interest on behalf of holders of its bonds. The lien of the Indenture on the Revenues for the security of Authority bonds is prior to all other liens thereon. The Authority does not have any significant assets or sources of funds other than Sales Tax Revenues and amounts on deposit pursuant to the Indenture. The Authority has no independent taxing power.

Bonds are recorded at the principal amount outstanding and consist of the following:

	<u>Dollars in Thousands</u>

Interest on the Authority’s Bonds is payable on May 15 and November 15 of each year, and principal is payable on November 15. The first principal payment for both the Series 2000A Bonds and the Series 2001A Bonds is due on November 15, 2002. A debt service account has been established under the Indenture to provide for the payment of interest on and principal of Bonds outstanding. The Trustee makes monthly deposits to the debt service account in the amount of debt service accrued through the end of that month, essentially one-sixth of the next interest payment and one-twelfth of the next principal payment. Because of this monthly deposit requirement, the amount accrued for debt service in the Authority’s financial statements in any year will not be the same as the debt service on the bonds paid to bondholders in that year.

As of December 31, 2001 the Authority had made all required monthly deposits, in a total amount of \$5,657,566. Of the total deposited, \$3,712,566 was for interest payable on May 15, 2002 and \$1,945,000 for principal payable on November 15, 2002.

7. BOND ANTICIPATION NOTES PAYABLE

On July 11, 2001 the Authority issued \$180,920,000 Bond Anticipation Notes, Series 2001A-1 (the “2001A-1 Notes”). The Notes were issued to finance cash flow needs of Nassau County. On December 20, 2001 the Authority issued \$125,895,000 Bond Anticipation Notes, Series 2001B-1 (the “2001B-1 Notes”) and \$159,150,000 Bond Anticipation Notes, Series 2001B-2 (the “2001B-2 Notes” and, together with the 2001B-1 Notes, the “2001B Notes”). The 2001B-1 Notes were issued to finance working capital needs of the County. The 2001B-2 Notes were issued to finance cash flow needs of Nassau County. Bond anticipation notes payable are recorded at the principal amount outstanding and consist of the following:

	<u>Dollars in Thousands</u>	
	Issued	Balance at December 31, 2001
Bond Anticipation Notes, Series 2001A-1	\$ 180,920	\$ 180,920

The 2001A-1 Notes bear interest at the rate of 3.75% per annum, pay interest only at maturity, and mature in the following amounts (in thousands) at the following dates:

March 14, 2002	\$ 104,415
April 11, 2002	76,505

	<u>Dollars in Thousands</u>	
	Issued	Balance at December 31, 2001
Bond Anticipation Notes, Series 2001A-1	\$ 125,895	\$ 125,895
	159,150	159,150

The 2001B Notes bear interest at the rate of 2.5% per annum, pay interest only at maturity, and mature in the following amounts (in thousands) at the following dates:

May 2, 2002 (2001B-2)	\$ 40,000
July 18, 2002 (2001 B-1)	125,895
September 12, 2002 (2001B-2)	100,000
December 5, 2002 (2001B-2)	19,150

The 2001A-1 Notes and the 2001B Notes are legally payable from the proceeds of future Authority bonds or renewal notes, and such future issuance has been authorized. However, the Authority is permitted to apply certain other funds to the repayment of the Notes, and plans to repay the 2001A-1 Notes and the 2001B-2 Notes as follows. Proceeds of the Authority's 2001A-1 Note sale were used to purchase the County RANs, which are in principal amounts and bear interest rates sufficient to provide, when due, all amounts payable on the Authority 2001A-1 Notes. Proceeds of the Authority's 2001B-2 Note sale were used to purchase the County TANs, which are in principal amounts and bear interest rates sufficient to provide, when due, all amounts payable on the Authority Series 2001B-2 Notes. See Note D for additional description of the RANs and TANs. The County will pay principal and interest on the RANs and TANs to the Trustee, which will use the funds to pay principal and interest on the 2001A-1 Notes and 2001B-2 Notes, respectively. The RANs and TANs are not pledged to the holders of the 2001A-1 Notes or the 2001B-2 Notes, but the Authority has covenanted that to the extent it receives payments on the RANs and TANs, respectively, it will apply such payments to the payment of the respective Authority bond anticipation notes.

It is anticipated the Series 2001B-1 Notes will be retired from proceeds of an Authority Bond issue or Authority renewal notes in 2002.

8. PENSION LIABILITY

Eligible Authority employees participate in the New York State and Local Employees' Retirement System and the Public Employees Group Life Insurance Plan (together, the "System"), a cost-sharing multiple-employer defined benefit retirement system. The System provides retirement benefits as well as death and disability benefits. Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law ("NYSRSSL"). As set forth in the NYSRSSL, the Comptroller of the State of New York ("Comptroller") serves as the sole trustee and administrative head of the System. The Comptroller shall adopt and may amend rules and regulations for the administration and transaction of the business of the System and for the custody and control of its funds. The System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the New York State and Local Retirement Systems, 110 State Street, Albany, NY 12236.

Employer contribution rates are determined by the Comptroller. Under the Authority of the NYSRSSL, the Comptroller certifies annually the rates, expressed as proportions of the payroll of members, which shall be used in computing the contributions required to be made by the employer to the pension accumulation fund.

As of December 31, 2001, the Authority has paid its pension bill from the State in the amount of \$5,697, covering the period April 1, 2001 to March 31, 2002. Only the portion of this payment attributable to the year ended December 31, 2001 is presented as an expense in the financial statements.

9. COUNTY OF NASSAU REVENUE ANTICIPATION NOTE WITHHOLDING ACCOUNT

In June 2000, the County issued \$245,000,000 County of Nassau Revenue Anticipation Notes (the “RANs”) as a general obligation of the County, issued in anticipation of the receipt of sales taxes with respect to the County’s fiscal year ended December 31, 2000. The Act required the Authority to set aside Sales Tax Revenues attributable to that fiscal year, after making provision for debt and operating expenses of the Authority, in an amount sufficient to pay principal and interest on the RANs at maturity. The withheld funds were credited to an Authority “County of Nassau Revenue Anticipation Note Withholding Fund” (the “RAN Withholding Fund”) held separately from funds of the Authority. Interest earned on the RAN Withholding Fund was retained in the fund and applied to pay principal and interest on the RANs at maturity. All of the sales tax required to be withheld was withheld in (or accrued to) the year ended December 31, 2000. The funds withheld generated interest earnings in the year ended December 31, 2001 in the amount of \$2,831,674, substantially all of which was applied to payment of RAN debt service. The RANs were retired at maturity and no additional withholding of sales tax or interest was made in the year ended December 31, 2001.

10. COMMITMENTS AND CONTINGENCIES

The Authority is not a defendant in any litigation as of December 31, 2001.

Authority employees are entitled to accumulate unused vacation and holiday leave, and to be paid for that leave, up to amounts specified by the Authority, upon separation. At current salary levels, the Authority’s liability for payment of this accumulation is \$108,187, which includes the Authority’s share of taxes and other withholdings. Authority employees are permitted to accrue unused sick leave up to amounts specified by the Authority and, upon certain conditions, apply the salary value of the leave upon retirement to the cost of the retiree’s share of his or her health insurance premium. At current salary levels, the Authority’s liability for payment of this accumulation is \$109,651, which includes only the salary value of the time accumulated. Authority employees who were previously employed by the State or a State agency or authority were permitted to transfer leave balances to the Authority. The value of these transferred balances is included in the foregoing amounts. The value of accrued unused leave is included in the General Long Term Obligations Account Group.

11. NEW ACCOUNTING PRONOUNCEMENTS

The Government Accounting Standards Board has adopted the following: Statement No. 34 “Basic Financial Statements and Management’s Discussion and Analysis for State and Local Governments”, which establishes specific standards for the basic financial statements, management’s discussion and analysis (MD&A), and certain required supplementary information (RSI) other than MD&A; Statement No. 37 “Basic Financial Statements and Management’s Discussion and Analysis for State and Local Governments: Omnibus”, which makes modifications to statement No. 34; and, Statement No. 38 “Certain Financial Statement Note Disclosures”, which modifies, establishes and rescinds certain financial statement disclosure requirements. These statements will be effective for the Authority for periods beginning after June 15, 2001. The Authority is in the process of evaluating the effect these pronouncements will have on the general-purpose financial statements.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED UPON THE AUDITS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Nassau County Interim Finance Authority

We have audited the financial statements of Nassau County Interim Finance Authority (the "Authority"), as of December 31, 2001 and for the year then ended, and have issued our report thereon dated March 26, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

COMPLIANCE

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit, we considered the Authority's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Directors, management, and the Office of the State Comptroller, State of New York and is not intended to be and should not be used by anyone other than these specified parties.

APPENDIX D

FORM OF BOND COUNSEL OPINION

(This page was left blank intentionally.)

PROPOSED FORM OF BOND COUNSEL OPINION

Upon delivery of the Notes in definitive form, Sidley Austin Brown & Wood LLP, New York, New York, Bond Counsel to the Authority, proposes to render its final approving opinion in substantially the following form:

[Date of Closing]

**NASSAU COUNTY INTERIM
FINANCE AUTHORITY**

We have acted as bond counsel to the Nassau County Interim Finance Authority (the “Authority”) relating to the issuance of \$109,145,000 Nassau County Interim Finance Authority Bond Anticipation Notes, Series 2002A-1 (the “Notes”). The Notes are dated, bear interest, mature and are secured as set forth in the Indenture between the Authority and The Bank of New York, as successor Trustee, as supplemented (the “Indenture”). Terms defined in the Indenture and used herein shall have the meanings assigned in the Indenture, unless the context otherwise requires.

The Notes are issued in anticipation of a series of Senior Bonds authorized and to be issued under the Indenture. The Authority is authorized to issue renewal Notes and Senior Bonds (together with all Senior Bonds heretofore and hereafter issued the “Bonds”) to retire the Notes only on the terms and conditions set forth in the Indenture and all such Bonds shall be entitled to the equal benefit of the Indenture.

Nassau County, New York (the “County”), has requested the Authority to undertake the financing of Financeable Costs (as defined in the Act), and the Authority and the County have entered into a Financing Agreement dated as of October 1, 2000 (the “Agreement”), provisions of which have been pledged by the Authority to secure the Bonds. We assume the parties will perform their respective covenants in the Indenture and the Agreement in all material respects.

Based on the foregoing and our examination of existing law, such legal proceedings and such other documents as we deem necessary to render this opinion, we are of the opinion that:

(1) The Authority is a duly organized and validly existing public benefit corporation under the Constitution and laws of the State of New York, and such proceedings show lawful authority for the issuance and sale of the Notes pursuant to the Nassau County Interim Finance Authority Act, Title 1 of Article 10-D of the Public Authorities Law, constituting Chapter 43-A of the Consolidated Laws of the State of New York, as supplemented by Chapter 179 of the Laws of 2000 (the “Act”), and the Indenture.

(2) The Notes have been duly authorized, executed and delivered by the Authority and are valid and binding obligations of the Authority payable from the proceeds of a series of Bonds (the proceeds of which are pledged to retire the Notes and which pledge shall have a priority over any other pledge of such proceeds created by the Indenture) or renewal notes, and from the Revenues subordinate to payment of Debt Service, Subordinate Bonds and Notes and Operating Expenses. The Authority has duly authorized the issuance of renewal notes and such series of Bonds. The Notes and Bonds do not constitute a debt of the State or the County, and neither the State nor the County shall be liable thereon, nor shall the Notes or Bonds be payable out of any funds other than those of the Authority.

(3) The Act validly provides for (a) the payment to the Authority of sales and compensating use tax net collections paid or payable to the Authority pursuant to §1261 of the Tax Law or a successor

statute (the “Sales Tax Revenues”), (b) the Authority’s pledge to the Trustee of the Sales Tax Revenues, the Accounts and the money and investments on deposit therein (collectively, the “Revenues”), and (c) the application of proceeds of the Notes and Bonds to finance Financeable Costs. Under the laws of the State, including the Constitution of the State, and under the Constitution of the United States, the Act is valid with respect to all provisions thereof material to the subject matter of this opinion letter.

(4) The Sales Tax Revenues are subject neither to appropriation by the County or the State, nor to prior claims in favor of other obligations or purposes of the County or the State except as specified in §1261 of the Tax Law with respect to overpayments and the State’s reasonable costs in administering, collecting and distributing such taxes. Upon any failure of the State Legislature to make required appropriations for State debt obligations, the Sales Tax Revenues would not constitute revenues applicable to the General Fund of the State; hence Article 7, Section 16 of the State Constitution does not mandate such money to be set apart by the State Comptroller for the payment of State obligations.

(5) The Indenture (a) has been duly and lawfully authorized, executed and delivered by the Authority, (b) creates the valid pledge of Revenues and other collateral that it purports to create and (c) is a valid and binding agreement, enforceable in accordance with its terms, of the Authority and, to the extent specified in the Act, the State. The Act does not restrict the right of the State to amend, modify, repeal or otherwise alter statutes imposing or relating to the taxes payable to the Authority pursuant to § 1261 of the Tax Law or fees, or appropriations relating thereto, nor does it obligate the State to make any payments not specified in the Act or impose any taxes to satisfy the obligations of the Authority.

(6) The lien of the Indenture on the Revenues for the security of the Bonds is prior to all other liens thereon. The pledge of Revenues and other collateral made by the Authority in the Indenture is valid, binding and perfected without any physical delivery of the collateral or further act, and the lien thereof is valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the Authority irrespective of such parties’ notice thereof.

(7) The Agreement has been duly authorized, executed and delivered by the Authority and assuming due and proper authorization, execution and delivery by the County, constitutes a legal, valid and binding agreement of the parties (including with respect to the County, its pledge and agreement not to limit or alter the rights vested in the Authority by the Act to fulfill the terms of any agreements made with Holders of Outstanding Bonds and Notes pursuant to the Act, or in any way impair the rights and remedies of such Holders or the security for such Bonds and Notes), enforceable in accordance with its terms.

(8) Pursuant to the Act, the State Comptroller shall pay the Sales Tax Revenues to the Trustee, to be applied first pursuant to the Authority’s contracts with the holders of the Bonds, then to pay the Authority’s operating expenses, and then pursuant to the Authority’s agreements with the County, which shall require the Authority to transfer the balance of such taxes to the County as frequently as practicable; all of which is provided for in the Indenture and the Agreement.

(9) The Authority is not eligible for protection from its creditors pursuant to Title 11 (the “Bankruptcy Code”) of the United States Code. Pursuant to the Act, so long as any Notes or Bonds are Outstanding, neither the County nor any “covered organization” (as defined in the Act) is eligible to file a petition for protection from its creditors under either the Bankruptcy Code or the laws of the State.

(10) No registration with, consent of, or approval by any governmental agency or commission that has not been obtained is necessary for the execution and delivery of the Notes.

(11) Except as provided in the following sentence, interest on the Notes is not includable in the gross income of the owners of the Notes for purposes of Federal income taxation under existing law. Interest on the Notes will be includable in the gross income of the owners thereof retroactive to the date of issue of the Notes in the event of a failure by the Authority or the County to comply with the applicable requirements of the Internal Revenue Code of 1986, as amended (the "Tax Code"), and their respective covenants regarding use, expenditure and investment of note proceeds and the timely payment of certain investment earnings to the United States Treasury; and we render no opinion as to the exclusion from gross income of interest on the Notes for Federal income tax purposes on or after the date on which any action is taken under the Indenture or related proceedings upon the approval of counsel other than ourselves. In rendering the foregoing opinions, we have relied upon the representations and covenants made by the Authority and the County and assumed continuing compliance by the Authority and the County with their respective covenants to comply with the provisions of the Tax Code so that interest on the Notes will remain excludable from gross income for Federal income tax purposes.

(12) Interest on the Notes is not a specific preference item for purposes of the Federal individual or corporate alternative minimum tax. The Tax Code contains other provisions that could result in tax consequences, upon which we render no opinion, as a result of ownership of such Notes or the inclusion in certain computations (including without limitation, those related to the corporate alternative minimum tax) of interest that is excluded from gross income.

(13) Under the Act, interest on the Notes is exempt from personal income taxes imposed by the State and its political subdivisions.

The rights of the Holders of the Notes and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted, to the extent constitutionally applicable and except as specifically stated above, and may also be subject to the exercise of the State's police powers and of judicial discretion in appropriate cases.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions. Such opinions may be adversely affected by actions taken or events occurring, including a change in law, regulation or ruling (or in the application or official interpretation of any law, regulation or ruling) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions are taken or such events occur and we have no obligation to update this opinion in light of such actions or events.
